THE EDUCATORS AT SWS TAKE PRIDE IN  
CREATING AN ENVIRONMENT WHERE  
CURIOSITY IS APPRECIATED,  
QUESTIONS ARE ENCOURAGED  
AND DIFFERENCES ARE RESPECTED.

## *From the Principal's Desk*

**Dear Parent family of Smart Wonders School**

Greetings !!

The colourful newsletter for the month of November comes to you with festive excitement and best wishes. The students and the teachers have had a much needed short break to be with their families and enjoy the festivals of Diwali and Bhai Dhoj.

The students celebrated Diwali during the online classes with many well planned activities. The wide variety of activities planned and conducted on the occasion of Diwali have been splendid and effortlessly planned by the teachers and conducted by the students. From the fireless sweet making activity to exciting assemblies the entire school has been in an upbeat and vibrant mood.

With festivals and celebrations, the months ahead are going to be full of new decisions and many changes. The administration has given a green signal to the students of Class 9 & 10 to come to school for any guidance they may require from their teachers and the school. As a school, we have made many new systems in anticipation of the same and the foremost among the same is complete adherence to the standards of sanitization of the entire school campus set by the administration. With the consent of the parents we will welcome any student who wishes to come to school and seek one to one guidance from their teachers from the month of December 2020. We will request the parents to discuss the same with their children and fill in the consent form shared accordingly.

True learning or true education has to include the inculcation of a value system in the children that serves to be their guide in life. Family and school are 2 of the most crucial systems that build this value system. Festivals are times when the children observe and imbibe the traditions of their family and as a school we wish to support and strengthen the same. This Diwali we missed engaging the children in hands on activities of diya decoration, rangoli making, card marking, etc. One of the most missed activities was the connection with the community and giving back to the community. We will request you to keep this tradition alive and on the occasion of Diwali choose to participate in any giving back to the community gesture- Saying no to crackers is also one of the crucial environment friendly gestures that will be welcomed.

From the entire SWS staff wishing all of you a very happy and prosperous Diwali.

Warm Regards

**Poonamjit Kaur**

## Bringing Art and Science together!

The students of Class 4 brought the topic of solar system to life, through individual models and charts. Vibrant colours, use of 3-D objects, paper rolled into balls of different sizes added the much required element of originality to the projects. The effort made by the teachers to motivate the students to get creative and make these projects at home are worth mentioning here. The best of the best project photographs submitted have been selected to be showcased in the Principal's monthly newsletter for the month of November 2020.

## Score card of the Online EVS Quiz

An EVS Quiz was planned for the students of Classes 3 to 5 on 23rd October 2020. The top scorers from all the classes are as below:

### 3 A

- Saanvi Pathak
- Aarnav Chauhan
- Vatsal Rajput

### 3 B

- Ashima Kapoor
- Siddhant Nandy
- Japjit Kaur

### 3 C

- Samaira Jain
- Raavi Maan

### 4 A

- Gavin
- Diya Anand

### 4 B

- Kavin Harish
- Sherylin Singh

### 4 C

- Navika Gupta
- Japnit Singh Sethi
- Ekam Aujla

### 4 D

- Ridhima Malik
- Winraj Singh
- Yuvraj Singh

### 5 A

- Tamanna
- Vagisha Verma

### 5 B

- Swastika Chawla
- Advita Ishi
- Poornima Raina

### 5 C

- Abhinandan Singh Randhawa
- Ananya Verma
- Bhavik Goel
- Manvik Badhan
- Navkiran Kaur

### 5 D

- Sikandar Singh

## Book is a dream you hold in your hands

Reading is the one skill that is the sure key to developing confidence and critical thinking in the students. Taking cognizance of this point the curriculum of the Foundation Years at Smart Wonders School encompasses into the calendar many activities focusing on reading. One of the same is the DEAR Program- Drop Everything and Read!

The month of November witnessed the students of Class 1 and 2 engaging in the drop everything and read activity. Each one of the students choose their favorite book and read the same during an online class. A glimpse into the activity through the photographs.....

## Celebrating Ekta Diwas

The students of Smart Wonders School celebrated the Ekta Diwas on 31st October 2020 with a wide variety of activities. The students of Class 5 participated in a poster making activity and the students of the Senior School undertook an oath on the occasion. An assembly was conducted by the students of Class 9 to commemorate the occasion. The Ekta Diwas – a glimpse .....

## Fruit Salad Activity

**'A DAY WITHOUT A FRUIT  
IS A DAY WITHOUT A SHINE'**

A refreshing 'fruit Salad activity' was planned in EVS for class 1. Fruits and health mutually complement each other and a 'fruit Salad activity' is an innovative way of making the students learn about the interesting variety of fruits available around us and also to make them relish all the fruits in the form of salad in the most tasty way.

Children brought a variety of fruits such as dragon fruit, kiwi, banana, apple etc. Teachers along with the children had a good time while preparing the fruit salad and definitely no one had tasted better fruit salad earlier than this special day!

This activity helped the children to learn about different fruits, their texture and taste. It was really a fruitful day.

# Integrating Art and Social Studies

Akbar through the eyes of young artists!

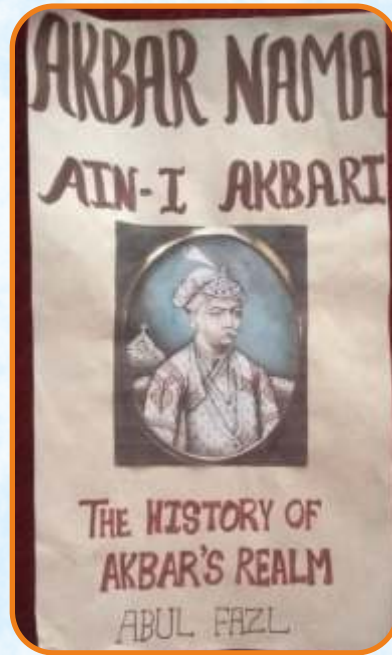

Akbar was known for his religious tolerance and the policy framed by him that brought harmony among people. We know all this because Abul Faizal wrote the famous book of Akbarnama - a biography of Akbar. The details of Akbar's reign are known to us because of this book. Students of Class 7 undertook an activity of designing the cover page for the book –Akbarnama if the book was to be republished in 2020. In the process they imagined themselves in the shoes of Abul Faizal to ensure that cover portrayed the authenticity of that era.

A Fireless cooking activity was conducted in Class 5, as a part of Diwali Celebrations. Students enhanced their culinary skills by making coconut laddoos and chocolate rolls in class. The students enjoyed the class thoroughly. They also shared beautiful Diwali messages with each other.

## Group Photos of Class 5

## Out Reach Program

Charity is not about donations but humanity, it begins at home to inculcate the attitude of gratitude. This year too, the students parents and the faculty of Junior School have shown an overwhelming support for the under privileged and destitute. It was heartening to see the response from the sorority of Smart Wonders. It clearly shows that the students live up to the motto of the school – Confident Competent Caring.

The contributions were shared with an NGO – Prabh Asra, Kurali – Kharar Road, National Highway No.21. It is a home of the deprived, orphans, helpless, mentally and physically challenged, the abandoned children and adults. It caters to the emotional needs of the inmates and gives them a congenial environment. Proper schooling is arranged for children living in Prabh Aasra in regular schools. Special educators give education/training to differently able children to make them independent in many ways.

We thank each one of you for your support and rising up to the occasion. Your gifts shall definitely bring a smile to somebody's face. Thanks for brightening the live of the few we could. Small gestures lead to bigger results, we shall in future too continue making the small difference we can in our region.
