CREATING AN ENVIRONMENT WHERE
CURIOSITY IS APPRECIATED,
QUESTIONS ARE ENCOURAGED
AND DIFFERENCES ARE RESPECTED

Monthly Newsletter

From the Principal's Desk

To the Dear Parent Community of Smart Wonders School,

With the newsletter for the month of October 2020, I request you to join me in welcoming the month of November. The months of October to December are celebration months for all of us. The joyous festivals of Dussehra, Diwali and Christmas are a wonderful opportunity for spreading the cheer and the feeling of joy and excitement in all. The festivals this year, maybe quieter and celebrated among very close family members whereas the effect of lights, sweets, smiles is surely going to add an element of hope in the hearts of all young and old.

We as a school have had an eventful month of October with the 2nd successful PTM along with the highlights of some very energetic and fun filled celebrations. The Junior School celebrated the Grandparents day along with the Hindi Diwas. The Senior School celebrated their country by organizing an assembly on the topic of 'India of my Dreams'. The Corona pledge by the students of the Senior School was followed by a wake-up call for the students and the adults on the simple understanding that malls and cinema halls may have been opened by the Government but we have to act responsibly and take every precaution to protect ourselves and others from this virus.

The students of Smart Wonders School began their festival celebrations with Dussehra. The newsletter coverage of the same will be visible to you in the next month's newsletter whereas we will request you to check the videos uploaded on the website. We challenge you that you will also be impressed with the cuteness of the costumes and the dialogues that have been spoken by the students and the recording shared with us by the parents. A special mention is of our twins in Grade 3 who dressed up in colourful costumes complete with the head gear to enact the story of Dussehra. A big round of applause for them and their parents with a louder thank you to all of you who took this responsibility and shared videos of your children with us.

As a parent we would request you to observe your children this month. It will be an amazing experience to see that in the last 6 months each one of them have grown in confidence and learnt new skills. The younger ones have discovered their voice and the ability to maneuver the mouse, stop the video and chat with their friends, the speed with which they are typing on chat or other interfaces has gone up nearly 65%.

From the Principal's Desk

The activities undertaken by the teachers on a regular basis are adding the much-needed element of variety in the child's daily and weekly routine.

Along with all the other activities one of the more important activity this month has been the celebration of the World Mental Health Day. For the year 2020 the World Mental health Day on 10th October comes at a time when the student-teacher and children-parent lives have changed considerably as a result of the pandemic. The last few months have had been difficult and the worst affected have been the students in the age group of 12-15 years. Loss of connect with their peer group, loss of social connect with other children in their age group, adapting to a new way of learning with limited on-screen contact with the teachers have all left quite an impact on the children along with some anxiety about their future. The way exams will be held, the next classes, syllabus etc. We as adults are better wired to deal with uncertainty whereas children have had to learn a new way of living.

The posters made by the students that have been featured in the newsletter will give you a glimpse into the way they think about mental health. We request you to read the taglines given by the students in the same and extend support to your children.

Achievements for self and for a cause will bring a smile to you as it does to us.

In the end of the newsletter we have shared with you a few photographs of the teacher's day celebrations for the year 2020. We celebrated the same with gifts and wishes in the safety of the school to appreciate all the hard work and dedication put in by them during these difficult times. Mrs Avinash Kaur, our Director graced the occasion and thanked the staff for their dedicated effort to improve teaching learning every day.

From all of us at Smart Wonders School, happy and a prosperous Diwali to all of you!

Warm Regards
Poonamjit Kaur
Principal

Grandparents Day Celebration Class UKG

Sanskaar- A tribute to Grandparents

Grandparents are an integral part of Smart Wonders family. To honor their precious role in the development of the children, the school involves them actively. Grandparent's day was celebrated with full fervor by the students of the Foundation Years -Class UKG, 1 & 2.

The students worked enthusiastically with their teachers over a period of 3 weeks in the online mode to prepare for the event.

The students made beautiful cards to present to their grandparents on the occasion. Many students made cakes, sang songs, performed dance performances for their beloved dadu-dadi & nanu-nani.

The grandparents thoroughly enjoyed by participating in the competitions organized for the children. The grandparents are an anchor in a child's life who provide the children with warmth, comfort and security. This celebration is a tribute to our grandparents for empowering our children with their constant love and support.

Class 1**हिंदी दिवस**

हिंदी से हिंदुस्तान हैं, तभी
तो हिंदी हमारी शान हैं.

Hindi Diwas is celebrated on the 14th of September, to commemorate the adoption of Hindi in Devanagari script as one of the official language of India. Hindi was adopted as one of the two official languages of the Republic of India. To create awareness among students about the importance of Hindi, the school organized 'Hindi Poem Recitation Activity' on 14th September 2020.

The Grade 1 students enthusiastically participated in the activity. Students recited poems on their favourite festival and season. Students made beautiful props related to the topic and recited the poems very well. They had learnt the poems and recited confidently, with actions, expressions and voice modulation.

Assembly Class 6- India of my dreams

The students of Class 6 presented the assembly in the month of October in front of their classmates and teachers. The theme of the assembly was, 'India of my dreams'.

The students expressed their ideas of the country of their dreams on paper as a drawing and presented the same to their classmates.

The students spoke about their drawing and shared that the India of their dreams would be a country where there is freedom of equality to all and everyone can enjoy it in their true sense. According to their dream, their country would be a culturally diverse country, where people speaking different languages and dialects were welcomed and felt free; people following different cultural practices and celebrating festivals of all religions were able to hold their heads high and feel safe.

The students also took a Corona pledge, promising to stay safe, wear a mask at all times, wash hands frequently and protect others by protecting themselves.

The assembly was conducted in the online medium thus adding an element of patience and thoughtfulness in the students.

Corona Pledge

Corona is a scary word in the vocabulary of all human beings since it's outbreak in 2020. Awareness and responsible behaviour are the two ways to protect ourselves and our family members from this virus. The students of Classes 6 to 10 of Smart Wonders School took a Corona Prevention pledge on 15th October. We are sharing a few photographs of the same with you.

World Mental Health day

According to the guidelines of the Ministry of Education, under the Manodarpan initiative by CBSE, 10th October was celebrated by the students of Class 6 to 10 as the World Mental Health Day. The students participated in a slogan writing and painting competition. There was enthusiastic competition and an immensely satisfying experience for us to see the views and beliefs that our students have towards mental fitness. We are sharing with you a few selected entries.

'Fit India freedom Run'

Fit India Movement has conducted Fit India Freedom Run from 15th August 2nd October 2020 to encourage fitness and help all citizens to get freedom from obesity, laziness, stress, anxiety, diseases etc. The concept behind this run was that participants run a route of their choice, at a time that suits them. Participants were to run their own race at their own pace and post their pictures on their social media with #Run4India

We at Smart Wonder School also believe in importance of physical fitness for our students. So whether it was Yoga Day or fitness Walk, children took part in these fitness initiatives with great elan.

CBSE and FIT INDIA Mission advised the Schools and individuals to follow the social distancing. All school students were advised to join their families to run/walk/Cycle. Sharing some pictures of Naitik Goel of 7B and Angad Singh of 7A.

Teacher's Day Celebration

Nelson Mandela once said, "Education is the most powerful weapon you can use to change the world".

A teacher serves the society by instructing and guiding countless students through the different stages of their growth. A teacher plays different roles in a student's life. The teacher is a philosopher, a guide, a mentor, a friend among many other roles. Apart from their mothers, children spend maximum time with their teachers. A teacher carries a big responsibility on their shoulders, the job of shaping the minds of the students.

Teachers look after the best interests of the students and genuinely play an important role in the society. They can make or break a future generation; such is the power that rests in the hands of the teachers.

Teacher's Day at Smart Wonders School in the year 2020 was celebrated with virtual cards, wishes, video messages. The school keeping in mind the rules of social distances invited the teachers to the school campus for a 'Wishing & Sharing Day'. Gifts and appreciation messages from the Principal Ms Poonamjit Kaur & the Director Ms Avinash Kaur made the day a joyful one full of good memories.

Teacher's Day Celebration

“Strength does not come from winning. Your struggles develop your strengths. When you go through hardships and decide not to surrender, that is a strength.”

—Arnold Schwarzenegger
