SWS/ADM/2021-22/1D

Dear Parent

Greetings from Smart Wonders!

Congratulation for your child's admission to Smart Wonders! We look forward to the Session 2021-22 and assure you that it shall be a great learning experience for the young ones at Smart Wonders. The students shall be embarking on a new adventure and we wish them all the best for the same!

We have had a very successful Online Session in 2020-21. With a well structured Online programme catering to the academic and co-curricular development of the students we have managed to achieve our learning outcomes. With extensive teacher training, regular PTM's, realignment of the curriculum to the Online mode, we at SWS were able to ensure that the students didn't miss out on learning even for a day.

Smart Wonders School is centrally located in Sector 71, Mohali. We are proud of the beautiful, welcoming and child friendly campus with complete CCTV coverage and well-lit, centrally air-conditioned classrooms, each of which is equipped with a smart board. The school infrastructure has lush green lawns, an auditorium and an open air theater for various student activities. The audio-visual centrally air-conditioned hall has a seating capacity of 200 people and the open air theater has a seating capacity of 375 people. The well maintained swimming pool, lawn tennis court, basket ball court, taekwondo arena and volley ball court are a delight for the students. The state of the art Computer Labs offer the students a chance to enhance their technological skills and stay abreast of the Global technological developments. A composite lab offers different science and math materials to the students for hands-on learning. The spacious and accessible library of the school with a seating capacity of 75 students at one time has around 7200 books and nearly 22 periodicals and 5 news papers. The school offers GPS & CCTV equipped buses covering all major areas of Mohali, Kharar and Chandigarh. Well trained female attendants support in ensuring that the ride for the students is safe and secure.

We at Smart Wonders School have a well balanced calendar of activities, competitions, educational excursions and talks by prominent people from different fields in our school. True to our vision of creating confident, competent, caring young adults, we offer our students a planned and progressive curriculum with hands on experiential learning and rigorous practice of concepts taught. Our students from Class 1 onwards represent the school in various competitions like Olympiads, Scholar's Cup, Inter-school quiz, District and State level cricket, basketball, skating and football to name a few.

We firmly believe that education is a three way process and each school has three important stake holders- the children, parents and the educators, therefore we have an open door policy for ensuring that the communication between the parent and the educator is happening on a regular basis. The academic session begins with a Parent Orientation Program that enables the parents to understand the pedagogy and process of the school and interact with their child's educators and academic heads. Each session has 4 formal parent teacher meetings (PTM) to ensure that the school, the child and the parent are on the same platform. A parent can meet with the teachers with a call to the front office for an appointment or by writing a message in the child's school almanac. On all working Saturdays the parents are welcome to meet the educators with an appointment between 10: 00 a.m. to 12:00 noon.

We are looking forward to being a part of your child's exciting journey here at Smart Wonders School.

Warm Regards
