SWS/ACD/2021-22/2

Dear Parent

Greetings from Smart Wonders School!

Last year when the lockdown started, we did our best to handle the situation and within a week had started the Online Classes. We trained our teachers and bought technological devices to run the online classes successfully. We then went a step ahead and opened school for class 9 and 10 in the hybrid teaching model where online/offline both classes happened simultaneously. We had equipped all our classrooms with the required technology/equipment for these classes.

We were ready to open school for classes UKG-10 in the Online, Offline and Hybrid teaching model. The situation has changed again and as per the latest guidelines issued by the Punjab Government we have decided to go back to conducting online classes in the 1st quarter i.e. April-May and in the month of June we have the summer vacations. **The online classes will start from 24th March for Classes 9 and 10 and from 7th April for Classes UKG-8. The Induction of new students of UKG and Class 1 will be on 5th and 6th April as planned but in Online mode.** The time table for the same will be shared soon via Whatsapp and the parent app. Additionally, before the start of the 2nd quarter, we will review the situation again as per the Government guidelines and also attain new feedback from all the parents for their preference on online/offline classes and depending on the information received, we will resume our hybrid teaching model.

We are very happy to announce that all your suggestions given in the PTM feedback will be incorporated and we will include activities also in the timetable.

Please ensure that books and stationery are purchased before your ward starts attending online classes. Your ward should wear proper school uniform even when attending classes online. This will instill the value of discipline. The schedule for the orientation is being shared with you. **The orientation sessions will be also be conducted Online.** The dates and time slots are shared with this Circular; the Zoom link will be shared later. Please adhere to the time slots to avoid any inconvenience. Please log in 5 mins. before the starting time.

Looking forward to another successful and productive session!

Warm regards

Poonamjit Kaur
Principal

SMART WONDERS SCHOOL

Session - 2021-22
