

SMART WONDERS SCHOOL
Mid Term Assessment
Classes 3 - 8

Monday, 9th August, 2021

SWS/ACD/2021-22/17

Dear Parents,

Greetings from SWS!!

The Punjab Government has allowed the schools to open for all the classes in its latest notification on 31st July 2021. The school is sanitized and we are well equipped to conduct Hybrid classes i.e. teaching will happen simultaneously in school (offline) and at home (online). We will be opening the school in a phased manner for the safety of the students.

We are now **starting with the Assessment process from 1st September 2021 for Classes 9 and 10, wherein, students will appear for their Half Yearly Exams in school. The students of Classes 3 to 8 will appear for their Half Yearly exams Online from 31st August to 13th September 2021. We will start with the Hybrid Classes for 6-8 around the 15th of September and thereafter, Classes UKG-5 in the first week of October**, depending upon the situation present and the Government guidelines at that time. The school timings and Time-Table will remain the same even when we have Hybrid Classes for Classes 9 and 10 from September onwards. The school timings and Time-Table will change only once the whole school reopens in the Hybrid mode. From October onwards Transport will be provided based on the situation present then, the number of students opting for it and the prevalent Government guidelines.

The Government has issued certain guidelines and protocols mentioned below that need to be followed before starting school:

1. The school staff needs to be fully vaccinated with 2 doses of vaccine.

All our staff has been vaccinated once but keeping the safety of the children and the government guidelines in mind we have delayed the opening of the school for conducting Offline classes till our staff is fully vaccinated.

2. Students are allowed to come to school only after the consent is given by the parent and submitted to the school.

We will be asking you for your Consent for online and offline classes in the beginning of September 2021. We request you to make an informed choice of "offline" or "online", based on which we will make the necessary arrangements that are mandatory protocols to be followed due to COVID. Thereafter, we will not entertain requests for change till we take your consent again for the online and offline classes

In the meantime please ensure your ward continues to attend the online classes regularly. We are sharing the Date sheet of the Half Yearly exam for Classes 3-8 along with this Circular. We will keep you updated with any changes and inform you about the protocols to be followed by the students before they come to school.

Warm Regards

Poonamjit Kaur
Principal
