

The Spirit of Achievement
makes our students

PROUD
W**ONDERITES!**

THE EDUCATORS AT SWS TAKE PRIDE IN
CREATING AN ENVIRONMENT WHERE
CURIOSITY IS APPRECIATED,
QUESTIONS ARE ENCOURAGED
AND DIFFERENCES ARE RESPECTED.

From the Principal's Desk

"The greatest legacy one can pass on to one's children and grandchildren is not money or other material things accumulated in one's life, but rather a legacy of character and faith." – Billy Graham

As the warm breeze slowly turned cool, the joyful faces of our students provided warmth and sunshine as we welcomed the tiny tots in school to attend classes in the Hybrid mode. It is a joy to hear the peals of laughter in the corridors, the soft humming from the classrooms of students reciting prayers and poems; children enjoying on the swings and playing in the grounds.

I am grateful to the parents for their trust and confidence in us and I would like to reiterate that our students' safety is our priority. We, as an institution, are following all the COVID appropriate protocols to ensure the safety of our students and staff members. The educators are making sure that the children feel safe and comfortable in the school.

At Smart Wonders, we believe in inculcating mutual respect and understanding of each other's traditions, culture and heritage. Keeping this in mind, a lot of activities were conducted for the children. The month of festivities commenced with the Diwali celebrations as students dressed up in ethnic clothes, made rangolis at home and in school and turned into chefs to make sweets with the help of their educators. Children were encouraged to celebrate a green and an eco-friendly Diwali as we believe that it is our moral responsibility to care for the environment and animals.

Childrens' Day celebration was a grand affair as a virtual celebration was conducted for classes UKG to 4 and a Sports Fiesta for the students of Class 5 attending Offline school. A Punjabi Fest was organised by the students of Classes 6-10 in the Senior Wing. Keeping up with the changing times, the event was live streamed for the students attending classes in the Online mode. I was happy to see the students immersed in the celebration and thoroughly enjoying themselves.

"It's not how much we give but how much love we put into giving." - Mother Teresa

As per the news, we are expecting extreme winter conditions in the ensuing months, therefore, a clothes-collection drive was organised for those who are less privileged. I thank all our parents for their generous contribution, we will be sharing them with the homeless children and elderly!

Last but not the least, I would like to wish "good luck" to the students of Class 10 as they are appearing in their CBSE Term 1 examinations. I have full confidence that you all will excel and come out with flying colours. I know that the teachers left no stone unturned in preparing the students and am thankful to them for their hard work.

Warm Regards,
Poonamjit Kaur
Principal, Smart Wonders School

Children's Day Celebration

A grand celebration was organised for all our lovely students on the occasion of Children's Day to make it a memorable event.

A virtual programme was conducted for the little ones of the Foundation Years, Classes UKG to 2, which commenced with a special PowerPoint presentation. The tiny tots were dressed up in party wear and took part in various games and activities such as make the pyramid, defying gravity, sorting of gems, pick and drop, and many more.

The children of Primary Years, Classes 3 to 5, enjoyed the day by participating in just a minute, show your talent, draw your favourite gift for the day, dumb charades and tongue twisters. Students of Class 5, who are attending offline classes, got the chance to take part in hurdle, skipping and relay races with their classmates.

The students of Senior Wing, Classes 6-10, put up a colourful Punjabi Fest which celebrated the heritage and culture of the state. The Wonderites had a gala time performing, dancing and singing the traditional dances and songs in the AV Hall, which was live-streamed online for the students attending classes from home.

Atomic Structure Activity

Students of Class 8 took part in an activity in their Science class to make atomic structures of the 20 elements of the periodic table using materials like gummy bears, paper plates, masks and spaghetti.

The children tried different techniques such as finger painting, pizza making, t-shirt painting, etc and came up with innovative models. The activity helped the students to memorize the atomic structures of all the elements in a fun and easy way and provided them a platform to showcase their creativity.

Compound Words Activity

An interesting hands-on activity called 'Flower Power' was conducted for the children of Class 2 on the topic of Compound words. To simplify the concept for the students, the educator explained that compound words are two smaller words that are combined to form a new word.

For the activity, the children made beautiful cutouts of a flower with five petals. Then, taking 'sun' as the prefix, they formed different words such as sunflower, sunrise on each petal. The activity provided a visual representation of learning and motivation for the kids.

Declamation

Smart Wonders School organised a declamation competition for the students of Class 2 to hone their oratory skills. The theme of the contest was 'Speeches of famous personalities' wherein students had to select an eminent personality and deliver an excerpt from one of their inspiring speeches in two minutes. The students waited for their turns eagerly and spoke with enthusiasm. All the speeches were presented with great emotion and impactful expressions.

Library Week Activities

It is rightly said, "You are never alone when lost in the magic of a book". To inculcate the reading habit in our students, SWS celebrated the Library Week from November 18 to 22.

In Class 3, an activity was conducted in the English period wherein the students dressed up like the character of their favourite story book and prepared a dialogue to present in the class. The children participated enthusiastically and looked delightful in the attires of characters like Sinbad, Abdullah, Snow White, Rapunzel, Harry Potter and more.

Pupils of Class 4 took part in an interesting activity where the children let their imagination loose to create their own stories. They were given the beginning of a story and on its basis, they had to create and tell a new story. The activity gave the students an opportunity to speak in front of their classmates with emotions, proper diction and pronunciation.

For Class 5, a book cover-making activity was held wherein the students created the covers of a story book of their choice to demonstrate the character, plot and setting of the story. The students created beautiful book covers and even wrote the summary of the story.

Moreover, the "Drop Everything and Read (DEAR)" activity was conducted in all the classes of Primary Years (Class 3 to 5) wherein students read story books of their choice for ten minutes in the first lesson every day.

Role Play Activity

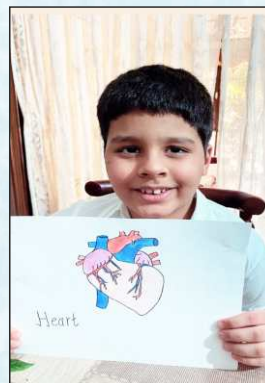

To hone the communication skills and build confidence of the students, a role play activity on body organs was conducted for Class 2. The children were excited to share their views and prepared beautiful props for the activity. Speaking in front of their classmates boosted their imagination, creativity and self-confidence as they discovered the power of spoken words. It turned out to be an interesting experience for the children as the activity provided them a fun and safe environment to learn.

Role Play Activity

As part of the Art Integration project, Class 6 did a Role Play activity in Social Studies class. Students created the scene of a Gram Sabha and using their wit, they discussed and solved various local issues pertaining to land, theft, family, water disputes, etc. Through this activity, children realised the importance of local administration in solving various issues and their role in implementing welfare schemes and maintaining peace in the society. Ms. Raina Chona, Vice Principal, Senior Wing, appreciated the children for their enthusiastic participation in the activity.

गुरुपर्व

कक्षा सातवी-बी के ऑनलाईन छात्रों ने गुरुपर्व के अवसर पर नेतिक मूल्यों से प्रेरित होते हुए, लघु नाटिका की प्रस्तुति की, जिसमें उन्होंने पगड़ी का महत्व बताया तथा अन्य नाटिका में उन्होंने दिखाया कि किस तरह आज कल हम लोग गरीबों से चीजें खरीदते समय मोल-भाव करते हैं लेकिन वो ही समान हम बड़े शोरूम में जाकर बिना मोल-भाव कर खरीद कर लाते हैं। हम नाटिका की प्रस्तुति में बच्चों ने पीपीटी सामूहिक नित्य और गायन का सुन्दर प्रदर्शन किया।

Kulkirat, Samreen, Trimran, Ishaan Singh 7B

Pronoun Patch-Making Activity

“There is no doubt that creativity is the most important human resource of all. Without creativity, there would be no progress, and we would be forever repeating the same patterns.”

Keeping this quote of Edward de Bono in mind, the Wonderites of Class 1 took part in the pronoun patch-making activity. The students made a pronoun patch by cutting a flower template of double petals with coloured sheets. They wrote down pronouns such as “he, she, we, it, they, you” on the outer petal and nouns for the pronoun on the inner petals. The activity not only enhanced the concept of pronouns but also gave the children a chance to explore their creativity with art and the language.

Math Activities

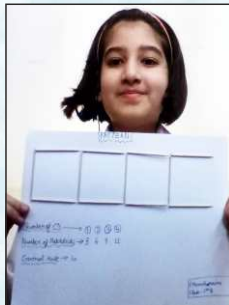

“Exploration is curiosity put into action.” - Don Walsh

Algebra is a branch of mathematics in which arithmetical operations and formal manipulations are applied to abstract symbols rather than specific numbers. Applying the knowledge of patterns and symmetry, students of Class 6 performed an activity to learn the concept of Algebra. They used ice cream sticks, match sticks and toothpicks and created patterns.

On the other hand, students of Class 7 explored the concept of the area of a circle by combining Math and Art. They drew shapes on colourful charts and found their area using the formula.

Diwali Celebrations

Celebrating events and festivals at SWS is an integral part of the learning process and building a strong cultural belief. These celebrations bring the students closer to each other's traditions and beliefs and develop mutual respect.

With this aim in mind, students of Foundation Years (UKG to Class 2) engaged themselves enthusiastically in making ladoos with desiccated coconut for the festival of lights- Diwali. The little chefs treated their families to healthy ladoos and shared the pictures with the class educator.

For the Primary Years, a special assembly and various activities were conducted to mark the celebrations. The pupils were dressed up in ethnic clothes and recited prayers and poems. All the children painted diyas and students of Class 5 made rangolis with help of their educators.

The students of Senior Wing celebrated the festival of lights by making rangolis, 'toran' and cards. Students attending classes in Hybrid mode decorated their classes.

The educators apprised the students of the importance of green Diwali and safety of animals. They were told about the ill-effects of bursting crackers and were urged to celebrate the festival with candles, sweets and green crackers.

Azadi Ka Amrit Mahotsav

To celebrate "Azadi Ka Amrit Mahotsav", a special assembly on Netaji Subhash Chandra Bose was conducted in the hybrid mode.

In Classes 3 to 5, the assembly began with the song "Qadam Qadam Badhaya Ja, Khushi ke geet gaye ja, Yeh zindagi hai qaum ki,tu qaum par luthaye ja." A documentary was played for the students on Netaji followed by discussions on the history of Indian National Army (INA). The special assembly ended with the National Anthem.

In the Senior Wing, the students recited self-written verses on Netaji Subhash Chandra Bose and made some presentations on the eminent personality. Few children also dressed up like Netaji Subhash Chandra Bose and narrated incidents from his life. Moreover, interesting discussions took place on the exhilarating topic of "Indian National Army".

QUIZ

EVS QUIZ

Environmental Science is an important subject that nurtures the inquisitive young minds and helps the children make meaningful connections with their surroundings. To raise awareness of the students about the world around them, an EVS quiz was conducted for the students of Classes 3 to 5. The quiz was conducted online as well as in the Hybrid classes using a Google form.

Our Proud Achievers

Harseerat Kaur Bhatti of Class 3C bagged three gold medals in the 33rd Punjab Roller Skating Championship-2021 and was declared the 'State Champion' in roller skating (inline). She won the medals in 500m, 1000m and road race (1 lap) and was selected for the nationals.

Harseerat Kaur Bhatti

Naman Sharma 5A

Naman Sharma of Class 5-A won a bronze medal in the In-line Hockey State Championship 2021-2022 organised by Chandigarh Roller Skating Association at Sector-10, Chandigarh.

Bhavika Sharma 4C

Bhavika Sharma of Class-4C participated in the Punjab state Roller Skating Championship 2021-22 and won a silver medal in 1000m race and a bronze in one lap road race.

Tavleen Kaur 4B

Tavleen Kaur of Class 4B won the third prize in the 5th ONYX CUP Taekwondo Championship 2021 organised by ONYX Taekwondo Academy.

Garima Chhabra 7C

Garima Chhabra of Class 7-C was awarded a 'Young Achiever' certificate by Lido for the event 'Scratch 3.0 Game Developer' and a certificate by Little Leap for participating in the qualifying round of Little Leap Olympiad.

Arav Sharma 6A

Arav Sharma of Class 6-A was declared as the Runner-up in Rising Star Tennis Tournament in the Under -16 category held at Paragon School, Sector 69, Mohali.

Lynkube organised an array of events in the World Art Fest 2021 wherein our students bagged prizes in various competitions. Aditi Sharma of Class 6-B secured the third prize in 'Doodle a Book Cover' contest, Devangana Arora of Class 7-B stood third in "Paint a Landscape" contest and second in "Future in 2035" contest and Tejaswini Vashishth of Class 2C bagged the first prize in "Don't Waste Food Poster-Making" contest.

Tejaswini Vashishth
2C

Madav of Class 9-A secured the third position in the 'Shark Tank - Business Proposal Presentation Competition' organised by Manav Rachna International School, Mohali, for students of classes 9 to 12. He was awarded a certificate and a cash prize of Rs.2,000. Madhav's proposal was to provide employment to the unemployed labourers with the help of a mobile App which would help the contractors and labourers learn about job opportunities.

Madhav Bhardwaj

Happy Experiences of The Parents in The Junior Wing

Naksh's Mother, Class 2B

SWS is one of the best schools in Mohali in regard to education, co-curricular and extra-curricular activities. The school has caring and talented teachers with high-tech classrooms and prepares the children to be the leaders of the next generation. Many stage activities, competitions are also organised to boost the confidence of the students. I feel really satisfied with my son upgrading day-by-day during the offline as well as online classes.

Arpan and Shaveta Jindal
Parents of Vriddhi Jindal, Class 3D

We really want to thank the school staff for managing the studies of the students in a nice manner during the pandemic. The children were always learning something new and the online classes also focused on the extracurricular activities which kept the students highly charged and enthusiastic to attend classes. We are thankful for the supportive teachers at the school who are ready to go the extra mile for their students.

Shaveta Bhanot,
Mother of Shanvi Bhanot, Class 1C

We signed up our daughter, Shanvi Bhanot, for Class 1 at Smart Wonders School. My experience with online classes at SWS is great. The educators are really smart in every aspect and a lot of activities are conducted in the classes. The way they educate the children is highly commendable. Every parent wants his/her child to be successful in life and the most trusted path to achieve it is through right education. I feel that SWS is the best school in the Tricity as they take the best care of the students and make them confident. I highly recommend Smart Wonders School.

Fateh Dhillon and Ridhima Dhillon,
Parents of Virat Singh Dhillon, Class 2B

We are proud parents at Smart Wonders School and would like to share our feedback about the online classes held during the pandemic. The overall experience of online classes has been wonderful and we would like to thank the entire staff of SWS for putting in so much effort to make these virtual classes possible.

Lalitha,
Mother of Prithviraj Vinoth, Class 3D

As a parent, I am very happy to admit my kids in Smart Wonders School. We are highly thankful to the teachers for their efforts as they kept in touch with the students in the online class. The assignments are very productive and helpful and the extra-curricular activities like music, sports, art, etc. are not only educative, but they also help my kid in discovering his talents. A very big thank you to all the teachers for all the timely academic updates and their support.

Aman Mahajan and Nidhi Mahajan,
Parents of Bhavya Mahajan and
Naman Mahajan, Class 2C

The idea of online classes for small students was really challenging, but everything is possible if you are determined and passionate. The whole team of SWS made the online classes successful by delivering education of quality without any compromise. Discipline is maintained, regular worksheets are given and Periodic Assessments are conducted. The class in-charge worked really hard throughout the day to provide the best to her students. Our experience with the school is exceptional, as teachers truly invested in my child's education and learning. Moreover, adjustments are made as and when needed to meet the needs of my child. I am thankful and satisfied with the whole team of SWS.

Parents of Harshit Bansal, Class 1A

We, Mr. and Mrs. Bansal, are extremely satisfied with the online classes conducted at Smart Wonders School. All the educators are working really hard and everything is well-planned and well-presented.

Monika Sharma Tejpal,
Mother of Saesha Tejpal, Class 3D

Dear Ma'am

I am writing these appreciation words to express my gratitude for the great effort put in by the school and teachers in improving my ward's personality and caliber. We share a bond of 5 years with this school and during this time, I have seen a tremendous growth in my kid's performance. She has become more confident. She has got very good mentors who not only focused on her overall growth but also made her more independent. I am really thankful to the teachers for showering my daughter with love, support and guidance. They pay attention to the overall growth of every child, which is indeed commendable. Thank you for instilling great values and knowledge with love in the children.

Looking forward to a great year ahead!

Aman & Namrata Toor,
parents of Kabir Singh Toor, Class 1

We, Aman & Namrata Toor, have our son Kabir Singh Toor studying in Class I in your school. It is indeed noteworthy that our child's education is being implemented in a very professional manner, even under the umbrella of the pandemic. The teachers' efforts are visible even in the online course of instruction. This methodology has provided a safe environment for children's education during COVID times. We are forever grateful for the teacher and the staff of the school. Thank you.

Simmi Gupta and Puneet Gupta,
Parents of
Navika Gupta, Class 5C

I feel proud to be a part of the SWS family. Since the pandemic started, the school managed the studies of the students in a proper manner in the online classes. The teachers worked really hard as it was difficult to manage so many students and their parents virtually. The teachers and the students managed to learn the new system of education in the hard times and managed to implement it so well. Thanks to all teachers.

Iqjyot Grewal, Mother of
Birpratap Singh, Class 4

Smart Wonders School did a great job by starting the online classes quickly when the pandemic struck as the kids needed to bond with their teachers and fellow classmates. Along with the regular curriculum, co-curricular activities were also taken care of. Even the teaching methods are new and apt, as the students are taught in a manner that their concepts are thorough. Happy to have chosen Smart Wonders School for my child. Keep up the good work!

Neha and Sahil Mehta,
Parents of Cyra Mehta, Class 1A

As a parent, I would like to thank the teachers for their endearing efforts of imparting education to all. Your valuable knowledge and insight has helped us. I am happy that my daughter has wonderful educators who helped her succeed in life. Thank you, teachers, for shaping my child's future for the better.

Mahima Rana and Saurabh Rana,
Parents of Aviran

My son is currently living his most memorable memories in SWS. I am thankful to his educator, who is currently present in his life as a mentor and is providing a foundation for his learning journey, even through the online medium. I am extremely satisfied with school's methodology of activity-based learning and the kind of ownership his educator takes while doing her job is extremely commendable. Our son, Aviran, is blessed to be a part of the SWS family. I also want to thank the team for the life skills classes in the syllabus because those are the most essential at such a young age. Lastly, I would like to say that SWS is a happy institution that sends extremely positive vibes to our son and to us, as parents. Thanks you.

SMART WONDERS SCHOOL
