makes our students

PROUD  
**W****ONDERITES!**

THE EDUCATORS AT SWS TAKE PRIDE IN  
CREATING AN ENVIRONMENT WHERE  
CURIOSITY IS APPRECIATED,  
QUESTIONS ARE ENCOURAGED  
AND DIFFERENCES ARE RESPECTED.

## From the Principal's Desk

"Every day is a chance to begin again. Don't focus on the failures of yesterday, start today with positive thoughts and expectations."  
-Catherine Pulsifer

**A**s we bid adieu to 2021 and welcome 2022, let us take a moment to pause and reflect. It was a year with its own adventures, but we managed to sail through this tide with each other's support, love and care. The year 2021 will remind us that there is always a silver lining. Even if some situation gets difficult, there will always be light at the end of the tunnel. One just has to give her/his best and have faith.

We, at SWS, believe that every child has an ocean of inner strength and these inner strengths vary from child to child. A plethora of activities were conducted throughout the year to hone the skills of each child to develop well-rounded individuals.

These activities gave the children an opportunity to learn about our rich culture and traditions, provided them the stage to showcase their talents and supplemented the teaching-learning process. Moreover, our educators put in great efforts to make sure that no student was left behind and defied all the challenges of teaching in the Hybrid Mode.

I am thankful to my students, parents and staff for all their trust and support and wish you all a prosperous New Year ahead!

Every New Year is a new opportunity to write on the first blank page of a 365-page book. Let's begin a new chapter full of new opportunities but also following all the necessary precautions. Here's looking forward to lots of learning and a successful year!

Warm Regards,  
Poonamjit Kaur  
Principal, Smart Wonders School

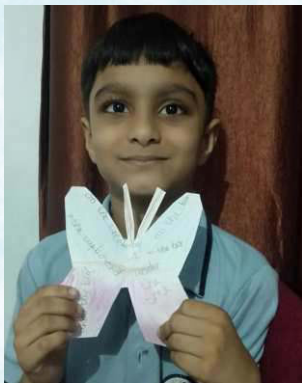

## Activity on Prepositions

At SWS, we believe that teaching goes beyond textbooks and blackboard. Craft activities help children get creative and think out of the box. Such activities also help the students in developing basic motor skills.

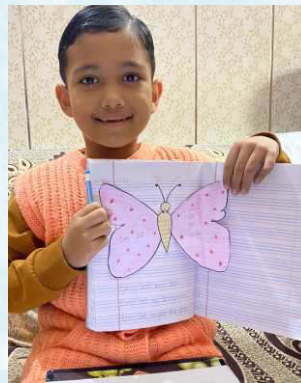

Keeping this in mind, the tiny tots of Class 1 performed an activity on Prepositions. The students made a butterfly template and wrote down sentences on it using different prepositions. After writing the sentences, students decorated the butterfly with colours, stickers etc.

## Les fêtes françaises et la cuisine française

Activities based on experiential learning were conducted for the students of Classes 8 and 9 in the French period, with the objective to get an insight into French culture and society. The students enthusiastically showcased their culinary skills by presenting mouth-watering dishes like Salade Baguette, Salade Croissant, Crêpes sucrées, Baguette Fournée, Salade à la pomme de terre, Croque-Monsieur, Croque-Madame and various other French breakfast items and snacks.

In another activity, the pupils of Class 9 enthusiastically showed presentations on various French festivals, thus highlighting the beautiful culture of France. The activities not only enabled the students to exhibit their foreign language skills but also offered them an opportunity to learn more about French culture.

## Intra Class English Declamation

With the aim to develop the oratory skills and fluency of our students, an English Declamation was conducted for the students of Class 3.

This intra-class activity not only helped in boosting the confidence of our students but also gave them a platform to express their thoughts and helped in understanding each other's perspectives.

Students of all the classes participated with enthusiasm which was appreciated by the educators and Ms. Payal Bedi, Coordinator, Primary Years.

The winners of the Declamation are as follows:

Class 3A	Class 3B	Class 3C	Class 3D
1.Aadya Gulati	1.Rashi Manocha	1.Manya Talwar	1.Vridhhi Jindal
2.Japnit Amitoj Kaur	2.Kyaan Bhardwaj	2.Jobanjit Singh	2.Reyansh Aneja
3.Arshnoor Kaur	3.Harsheen Kaur	3.Arsheen Kaur	3.Saasha Tejpal
	4.Jayansh Mahajan		4.Kavin Duggal

# Toon World Activity

We, at SWS, believe that children are most confident and empowered when they are allowed to express themselves freely, without any fear of mistakes or judgments.

Keeping this in mind, an activity called 'Toon World' was organised for students of UKG and Class 1. The Wonderites participated actively and exhibited their talent by wearing costumes of different cartoon characters. They confidently spoke dialogues of the characters they portrayed such as Barbie, Motu Patlu, Bheem, Doremon, Mickey Mouse, Pandit, Superman, Chota Bheem, Shiva, Princess Sophia, Nobita, and more.

This was the first activity that was organised in the Hybrid mode in school after almost 2 years for the Foundation Years. The students were excited to come to school and participate in the activity. Ms. Manveen Mander, Coordinator of Foundation Years, and educators appreciated the students for their active participation.

## Christmas Celebrations

Christmas cheer and joy was visible at Smart Wonders as the students and staff celebrated it with fervour, spreading the message of love and joy. The students beautifully decorated the school with Christmas tree, snowflakes, fairies, gifts and snowmen. Everybody was dressed in red and white and many of our tiny tots sported Christmas caps, while some wore masks of Santa Claus.

The students of Foundation Years, UKG to Class 2, participated in activities like drawing and decorating a Christmas tree, singing carols and dancing. Students of Primary Years, Classes 3 to 5, celebrated the festival with their friends at home in the Hybrid Mode. They enlightened the audience about the festival, its origin and how it is celebrated worldwide.

Children of Class 3 wrote down resolutions for the new year whereas students of Class 5 wrote Christmas wishes for their friends. To commemorate the festival, students of Class 4 created beautiful bookmarks and presented projects on Christmas in their French class. They used various household materials to make the projects and learnt the carol "Jingle Bell" in French (Vive le vent d'hiver) by singing it.

## Fun with English

The English department of SWS celebrated Christmas in a special manner this year by organising a 'Fun With English' event which included activities for different classes.

### **CRAZY HAT SHOW**

Class 6 students showcased their communicative skills and imagination by crafting wonderful hats and dedicating them to their best friends and speaking few lines on them.

### **MY RECIPE BOOK**

Students of Class 7 displayed delicious dishes and drinks in their respective classrooms. They discussed the origin of their dishes, preparation along with their nutritional values. The activity gave the children a chance to enhance their knowledge about the various dishes from different parts of the country.

### **TREASURE HUNT**

It was a fun filled and adventurous event, wherein the learners of Class 8 had to frame a story by searching for its clues and completing the puzzle. The team which organised the story puzzles accurately and answered all the questions was declared as the winner.

### **STORYTELLING/ POEM RECITATION/ CAROL SINGING**

Pupils of Class 9 got the chance to compose their own poems and stories and recite them in front of their peers. A group of students also sang a melodious carol, thus concluding the English Fest.

# Activity on Layers of Atmosphere

Earth's atmosphere has a number of layers and each has its own specific features. Students of Class 5 created models, drawings and charts using the waste materials lying at their homes to demonstrate the five layers of the atmosphere and learnt about the same in their EVS period. They also learnt about the important phenomenon occurring in each layer and included them in their drawings.

## Activity on Money

Students of Class 2 took part in a fun activity on money that helped them in learning about its use in daily life. For the activity, some children acted as shopkeepers by setting up shops and the remaining pupils acted as customers. They learnt how to pay for and count money for the things they bought and learnt about the value of money.

# Mock Trial Activity

A 'Mock Trial' activity was conducted for the Wonderites of Class 8 related to their chapter– “Understanding Criminal Justice”. The mock trial turned out to be an effective learning tool which helped the children gain knowledge about law, questioning techniques, critical thinking, and oral advocacy skills.

An old case of State Of Orissa versus Ram Bahadur was tried in the mock trial. Students enacted their roles by producing evidence, participating in the proceedings and questioning the witnesses. At the end, the verdict was given in favor of the victim. Through the activity, students developed an appreciation for judges, lawyers and juries who face difficulties while presenting all the relevant facts and legal arguments in the court room.

Class 8A

## Fun with Experiments

**“For the things we have to learn before we can do them, we learn by doing them.”**

Hands-on experiences allow students to understand the potential gaps between theory and practice and learn from trial and error. To demonstrate the importance and relevance of science in the development of our society and economy, an activity called “Fun with experiments” was organised for the students of Foundation Years, Classes UKG-2. The experiments included soluble and insoluble substances, inflating balloon with vinegar and baking soda and static electricity with salt and pepper. Students had a wonderful time exploring their scientific aptitudes and got the opportunity to expand their knowledge

## Role Play Activity

Students of Class 3 took part in a role play activity on the topic "The Universe and the Solar System" in their EVS class. They spoke on a heavenly body and made handmade props to go with their speech. Children had a great time speaking on space and also tried to describe the planets. They learnt that Mercury is the smallest planet, Jupiter is the largest one, Venus is the brightest planet, and Earth is the only planet where life sustains. It was an interactive and informative activity wherein kids learnt about our solar system.

## Table of 10 Activity

**“Learning by doing is the only way I know how to learn.” - Tony Fadell**

To introduce the concept of multiplication tables in Class 1, a “Table of 10” activity was organised to help the children understand counting in tens. The students were all set with the required materials such as poster colours, ear buds and paper sheets. They made dots using different colours in boxes and later counted them in tens. With the help of the activity, the students were able to count in tens with ease and became confident about their learning.

## Water Solubility Activity

Children of Class 5 conducted experiments to check the solubility of water and learn about the concept of solubility. They mixed various substances such as sand, salt, sugar, tea leaves, chalk powder, oil, paint, etc. in water and recorded their observations, whether the substance was soluble or insoluble. The students enjoyed the activity which helped them in grasping the concept with ease.

# Hindi Festival

The Hindi department of SWS organised a Hindi Fest wherein students showcased their talent in various activities with great zeal.

### Class 6

With development happening everywhere, we all are well aware of the prevailing environmental issues around us. Keeping this concern in mind, pupils of Class 6 presented an act on 'Environment'.

### Class 7

A puppet show on the importance of independence was presented by the students of Class 7. Another group of students presented a play on 'Samman Sapno Ka' and 'Old and New India'.

### Class 8

Children of Class 8 showcased their creativity and talents by staging performances on different topics such as 'Importance of Water', 'Unity in Diversity' and 'Brain Drain'.

### Class 9

Students of Class 9 presented a 'Nukkad Natak' on the significance of Hindi language.

## Show and Tell Activity

A 'Show and Tell' activity was organised in Class 1 on the topic "My Favourite Festival" to strengthen the verbal skills and foster public-speaking competency of the young minds. Students prepared charts and posters on their favourite festivals which supplemented their speeches. The activity helped in boosting their self-confidence by enabling the children to hone their descriptive skills by communicating feelings, thoughts and emotions with words.

## स्लोगन लेखन

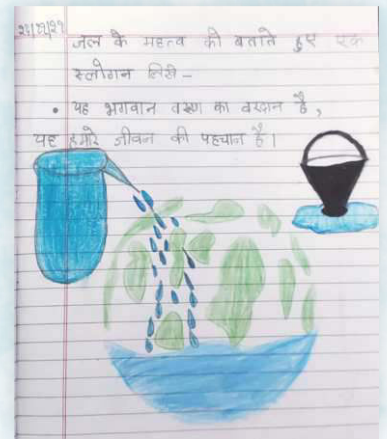

जल हमारी प्रकृति का अनमोल रत्न है। इसी के साथ धरती पर जीवन संभव है। जल संरक्षण व जल की बर्बादी को रोकने हेतु कक्षा ४ में स्लोगन लेखन करवाया गया। इस स्लोगन लेखन के माध्यम से जन-जीवन में जल के महत्त्व को बताते हुए सतर्कता लाने का प्रयास किया गया।

# Postcard Activity

As part of the Azadi Ka Amrit Mahotsav Campaign, a postcard-writing activity was organised for the students of Class 8. The pupils penned down their thoughts on the topics- "Unsung Heroes of Freedom Struggle" and "My Vision for India in 2047". All the postcards were then sent to the Prime Minister's Office.

## PTM

At Smart Wonders, we believe in fostering mutual respect between students, parents and teachers to create a healthy learning environment. To strengthen this bond, we conducted an offline parent-teacher meeting on 10th and 11th December for the students of Junior Wing and on 17th and 18th December for the Senior Wing. It was a great experience for all and we thank the parents for their continuous support to the school.

## Joy of Giving

**"We can do no great things, only small things with great love." - Mother Teresa**

The school's motto, 'Confident, Competent and Caring', encourages our students to be confident in their demeanour, competent in skills, have the morals to care for people and nurture a will to give back to the society. As per reliable forecasts, extreme winter conditions are prevailing nowadays. To do our bit for the society, a collection drive was organised at the school which was donated to Childline 1098/ YTTS.

We received an overwhelming response and enthusiastic participation by the students, parents and staff. Our SWS family wholeheartedly donated clothes, shoes, books, stationery items, to the underprivileged students for the noble cause of supporting the vulnerable section of the society in harsh winters.

We are thankful to our parents for their generosity and being partners in this worthy cause.

Smart Wonders Sec 71 Mohali made a huge collection. Since their bus service had not restarted, Poonamjit Ma'am, the Principal, a member of the Executive committee YTTS, and a gutsy Fauji, got the stuff loaded in her car as also a teacher Anamica. They brought the stuff to our office, and unloaded it before our staff could arrive, and were off. Thank you all at Smart Wonders!

## Our Proud Achievers

1. Arshia Singla of Class 5B secured the 2<sup>nd</sup> position in Champions World International-level Abacus Competition 2021.
2. Gurkeerat Singh Narula of Class 5C won the 1<sup>st</sup> prize in solo category and 3<sup>rd</sup> prize in group dance organised by Chandigarh Art Theater at Bal Bhavan, Sector 23, Chandigarh.

Gurkeerat Singh Narula 5C

Arshia 5B

Dear Ma'am,

I'm delighted to share that my son, Aditya Gupta, an alumni of Smart Wonders School, joined Indian Institute of Technology Delhi this year.

My family and I owe this success to the teachers, staff & management of school who helped in shaping his personality in the formative years.

Once again, thanks and congratulations to one and all!

Regards  
Ashish Kumar

*We are So Proud of You!*
