From the Principal's Desk

"I've always loved the first day of school better than the last day of school. Firsts are best because they are beginnings."

~ Jenny Han

Dear Parents

A new academic year is the time for fresh beginnings and brand new opportunities. Smart Wonders School is dedicated to giving its students the finest of experiences as they step into the new session. In order to make the transition seamless and smooth, each year we organise Parent Orientation Programmes for all the classes. This allows us to formally welcome the parents into the SWS family, and acquaint them with the school rules, curriculum and functioning. A two-day induction programme was also held for the students of Classes UKG and I to make them feel at home with their new classmates, educators and surroundings.

As the new session commenced, so did so many exciting new initiatives post the COVID-19 pandemic. We are delighted to announce the much-awaited reopening of the on-campus swimming pool and 'Muffins', the school canteen. Paving the way for the holistic development of our children, a wide range of enrichment activities have also been brought back into the time table. An amazing new energy can be seen on the campus every Wednesday and Thursday as the students engage in various activities ranging from Contemporary Dance Performances, Yoga, Aerobics and Sports to Cooking, 3-D Designing, Personality Development, Theatre and Literary Club.

With the start of the new session, the House-Spirit is very visible as the students actively participated in a series of inter-house competitions, aimed at helping them display their talent and team-spirit. Various assemblies were also conducted throughout the month to commemorate special days and introduce the students to the United Nations - Sustainable Development Goals, which are the theme for this session's curriculum beyond academics. 'The true sign of intelligence is not education but imagination' - our plan is to keep providing our Wonderites with such platforms and opportunities all year round.

Once again, I would like to personally thank you for being a part of the SWS family and your continued support. You can rest assured that your child is safe with us, and is well on his/her way to becoming a confident, competent and caring individual. The entire Management and staff join me as we look forward to having a productive new session ahead. Let's let the adventure begin!

Warm Regards,
Poonamjit Kaur
Principal, Smart Wonders School

Orientation Programme 2023 for Junior Wing

A parent is a teacher at home, a teacher is a parent in school and the child is the centre of our universe.

An Orientation Programme was organised at Smart Wonders School, Mohali for the parents of Foundation Years and Primary Years on March 31, 2023 and April 1, 2023 respectively to give an insight about the school and its functioning.

The programme commenced with the lighting of the lamp, followed by a warm welcome of the parents by the coordinators, Ms. Manveen Mander and Ms. Payal Bedi respectively. The parents were taken through an elaborate Power Point presentation to understand the ethos, processes and practices followed in school. The parents were also apprised of the new practices being introduced in the session 2023-24.

Junior Wing Head, Ms. Sarika Sharma reiterated the ideology of the school - to instil social, moral and ethical values without undermining the innocence of the young, developing minds. She shared few guidelines for parents which will help them to guide their children through the academic session. The aim of the orientation was to familiarize the parents with the curriculum, teaching methodology, assessment pattern, school rules and the policies.

The School Principal, Ms. Poonamjit Kaur thanked the parent fraternity for entrusting the school with their children and for their unwavering support. The parents were introduced to the new class educators of their ward. Parents also visited the beautifully decorated classrooms and met the respective teachers.

Parent Orientation Programme - Foundation Years

Parent Orientation Programme - Primary Years

Orientation Programme 2023 for Senior Wing

An 'Orientation Programme' was organised on 3rd April for the parents of Senior Wing students to introduce them to the school's functioning. Senior Wing Coordinator, Dr. Parul Bhargava welcomed the parents and delivered a comprehensive Power-Point Presentation to familiarise them with the curriculum, teaching methodology, assessment pattern, school rules and the policies. She also apprised them of the implementation of the National Education Policy 2020 in the curriculum. They were also shown few glimpses of various activities conducted throughout the previous session. The Principal, Ms. Poonamjit Kaur appreciated all the parents for making it to the orientation programme, and shared that with everyone's support, she looked forward to having a fruitful and a fabulous session ahead.

Induction Day

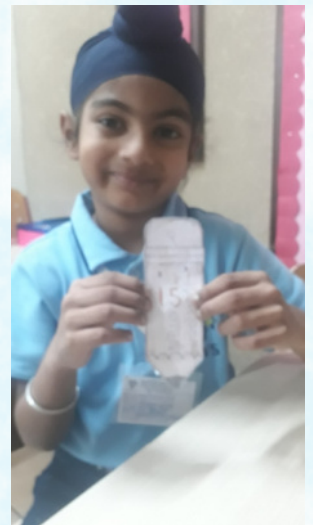

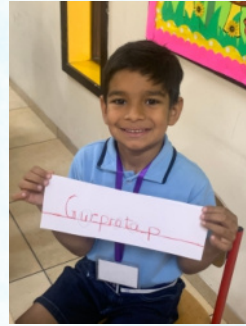

'Great education begins with a great kindergarten experience.'

A cheerful 'welcome' gives the kindergarten children a positive start on their school journey. To make this journey exciting, successful and happy, an induction program was organised for our tiny tots on 1st and 3rd of April, 2023. The little ones were warmly greeted with open arms by their facilitators at the main gate. As the day progressed, the students enjoyed participating in a plethora of activities like storytelling, art, music and games that were specially planned for them. The aim was to make the children comfortable with the new environment and ensure that they have a fun-filled learning ahead.

Children went back home with a broad smile on their faces as well as some beautiful takeaways designed by their respective educators. All in all, it was a pleasant day for the little children to remember.

UKG & Class 1

Welcome Assembly - Primary Years

'The beginning is always today.'

On 5th April 2023, the very first day of the new session, a special assembly was conducted by the educators of the Primary Years with great zeal and enthusiasm to welcome the students. The assembly began with the Morning Prayer followed by a beautiful welcome song prepared by the educators for their lovely students. Teachers also presented the thought for the day and shared the news headlines.

A video on 'Good Habits' was shown to the students to create awareness about the importance of leading a disciplined life. The Primary Wing Coordinator, Ms. Payal Bedi and the Junior Wing Head, Ms. Sarika Sharma, spoke to the students about the wonderful things that await them in the new session. The Principal, Ms. Poonamjit Kaur addressed the students and shared the importance of making friends in school. She urged the students to be considerate and cooperative while forming new friendships. A reflection activity was conducted after the assembly, during which the students were asked to set new goals for themselves.

Welcome Assembly – Senior Wing

Smart Wonders School was in a festive mood on the 5th of April 2023 with chirping, giggling and happy faces of our students who joined their new classes. A Welcome Assembly was conducted for all the students from classes 6 to 8. The day began with a prayer to seek the blessings of the almighty. The students were applauded for having performed well in the exams and getting promoted to the next class.

Senior Wing Coordinator, Dr. Parul Bhargava welcomed and briefed the students about the school rules and regulations. They were also encouraged to participate in the classroom and school activities with full enthusiasm. Our Principal, Ms. Poonamjit Kaur showered her blessings upon the students and motivated them to do their best during the new session 2023-2024. The assembly culminated with the National Anthem led by the school choir.

First Day of the Session 2023- 24 Foundation Years

Welcome back! School has begun.

Time for work. Time for fun.

Smile brightly on your way. School has started, just today!

As the new academic session commenced on 5th April 2023, there was a feeling of joy and excitement among the students, teachers and parents alike. The students were welcomed by the teachers with a warm smile, as they entered the portals of the school. The day started with the Morning Prayer that paved the way for students to rejuvenate their spirits and remain rooted to their moral values.

Throughout the day, the students had a lot of fun interacting with their new teachers and classmates. They enjoyed all the activities which were planned with an aim to create a strong bond among the little Wonderites and bring them back into the mode of studies. The students went back home with a smile on their faces, and an excitement to come back to school the next day.

Activity to be Pals

A friend is one of the best things you can be and the greatest things you can have.

Could there be something more wonderful than a child having lots of friends in school? Friends help you celebrate good times and provide support during bad times. They prevent isolation and loneliness, while increasing your sense of purpose and belongingness.

Keeping the idea of 'friendship' in mind and helping them be able to make new friends, our Principal, Ms. Poonamjit Kaur suggested a fun activity for the students of classes 3 to 5 on their first day of the session. The aim of the activity was to make the children interact with friends and learn social skills such as the art of communicating and solving problems. During this activity, the students wrote five things that they would do to make new friends in the ongoing year. They shared beautiful thoughts like being cooperative, helpful, empathetic and not making any child feel left out. It was a fruitful activity during which the students enjoyed expressing their thoughts. The message given through the activity was that friendship helps children develop themselves morally and improve their emotional state of being.

Emotions Activity

'Emotions are much like waves, we can't stop them from coming, but we can choose which one to surf!'

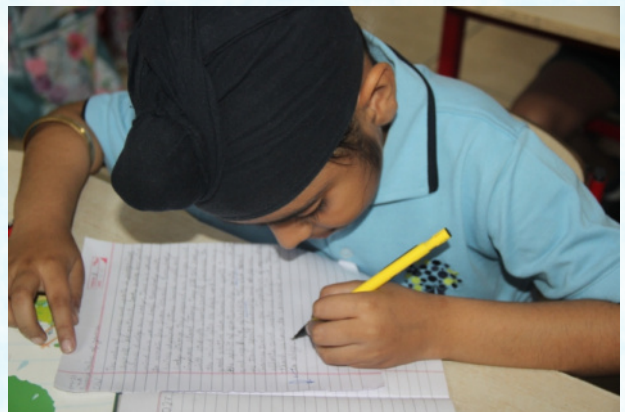

Every single day the things that happen all around us, stir up our feelings and emotions. Depending on what happens, children may become happy, angry, frustrated, sad, scared, excited or one of many other emotions. To create awareness among the students and help them identify and label their emotions, a colouring activity was organised for the Foundation Years students. They enjoyed drawing, colouring and expressing their emotions on a piece of paper. It was a fun-filled activity aimed at creating awareness among the students on how to identify and manage their emotions.

Calligraphy Competition

Handwriting is an art form. Just like painting, drawing and sketching, this art can be developed by individuals with guided skills. From the Greek words that mean 'beauty' and 'writing', came the word 'Calligraphy'. It is rightly said that handwriting reflects our personality. To inspire the students to improve their handwriting skills, an English Calligraphy Competition was held for the students of Primary Years on 13th April, 2023. All the students participated with great enthusiasm. The aim of the competition was to encourage the students to add an artistic touch to their handwriting and deliver their written work in a more presentable manner.

Students engaged in practising calligraphy

Inter House Declamation Competition

At SWS, we believe in empowering our students by giving them ample chances to share their thoughts and ideas. One such effort was made by the school in the form of conducting the Inter-House Declamation Competition on 28th April 2023 where the students of Class 8, 9 and 10 participated with full dynamism. Keeping the crucial role of Sustainable Development Goals in mind, the students were given SDG 6: Sustainable Management of Water (for Grade -8) and SDG 13: Climate Change (for Grade-9 & 10) as the overall theme for their presentations. The students of Class 8 showcased their wonderful oratory skills by speaking confidently on the given topic which would certainly be a stepping stone in creating awareness about the importance of clean water and how to sustain it for our future generations. On the other hand, the students of Class 9 and 10 gave each other a tough competition and highlighted the significance and necessity of a green, safe and clean planet called Earth. The diligence and hard work put by all the participants in their speeches was appreciated by the judges.

Resuming Enrichment Activities in School

SWS has always believed in the importance of providing its students with opportunities to develop their interests and skills beyond academics. On that note, a wide range of Enrichment Activities including basketball, lawn tennis, photography, table tennis, contemporary dance, Punjabi dance, aerobics, Kathak, 3D design, chess, computer designing, taekwondo, theatre, and personality development have been reintroduced in this session. These activities provide students with a platform to explore their interests and develop new skills while promoting teamwork, creativity and sportsmanship. The school has invested in state-of-the-art facilities, including courts, equipment and trainers to provide an enjoyable experience for sports like basketball and lawn tennis. Photography has also gained popularity with students, learning the fundamentals of capturing moments and editing images.

The school has introduced various dance forms such as contemporary and Punjabi dance, to encourage students to express themselves through movement. Yoga and Aerobics focus on fitness and help students develop a healthy lifestyle. Kathak, a traditional Indian dance form, has been introduced to promote cultural learning and heritage.

The school has also introduced activities that promote creativity and technological skills. 3D design and computer designing provide students with an opportunity to design and create virtual models using software. Taekwondo, a Korean martial art, focuses on self-defense and physical conditioning. Theatre, another popular enrichment activity, has been introduced to promote creativity, teamwork, and public speaking skills. Students are taught the basics of acting, stagecraft, and directing.

Personality development activities have also been introduced to help students improve their communication skills, develop a positive attitude and build self-confidence. These activities include public speaking, debating and leadership training.

The school has also introduced a 'Designers Den' program to encourage students to think creatively and develop innovative solutions to real-world problems. Art and craft activities have been introduced to promote creativity and allow students to express themselves through various mediums.

These enrichment activities have provided a platform for students to develop their interests and skills beyond academics, promoting a well-rounded education. They have also fostered a sense of camaraderie and sportsmanship among students. The school is committed to expanding the range of activities to cater to the diverse interests of the students, ensuring that they have a wholesome learning experience.

The SWS Hall of Fame

Showcasing immense energy, talent and enthusiasm, Ayukta Goel of 3B and Bhavik Goel of 8C completed an astounding 15 km bicycle ride during the last week of April. The event was organised to commemorate 'World Earth Day'. The students even decorated their bicycles with some catchy slogans to educate the onlookers and raise awareness. Their spirit of volunteering to be a part of this ride was highly appreciated by the organisers.

Earth Day Celebrations in Foundation Years

'Our continuing efforts in our everyday lives will make this beautiful planet thrive.'

Earth day is celebrated around the world to promote environmental awareness and to remind us that we can protect the earth in our everyday lives as well. Echoing the same, the tiny tots of Foundation Years celebrated 'Earth Day' through a series of activities on 21st April 2023.

A video was screened to highlight the significance of Earth day and to remind the students of their duties towards 'Mother Nature'. The educators addressed the students by emphasising the importance of recycling and tree plantation. They also spoke about the little steps the students could take to 'Go Green'. Showcasing their creative skills, the students enthusiastically painted the Planet Earth using colours that symbolise land and water, and were excited to take those self-made souvenirs back home with them.

Students of Foundation Years

JAM Session

Speech is power: Speech is to persuade, to convert, to compel.

Speaking skills refer to the ability to communicate effectively and fluently. Being able to think out-of-the-box and express oneself using the right words and tone are the key attributes of a good speaker. A JAM (Just a Minute) session is a platform designed to help students improve their communication skills, build confidence and learn how to articulate their thoughts effectively in a short time.

Smart Wonders School organised a JAM session for the students of class 3-5. The first round was conducted on 21st April 2023 and the final round for the shortlisted students was held on 28th April 2023. The students were given topics on which they had to present their thoughts and ideas. The students were assessed by the Primary Years Coordinator, Ms. Payal Bedi and the Junior Wing Head, Ms. Sarika Sharma, on the basis of their content, expressions and voice modulation. All the students were appreciated by the Principal, Ms. Poonamjit Kaur. She shared that participating in such events and being able to express one's thoughts is a winning task in itself.

Workshop on CBSE Coding Challenge 2023

Coders are the lifeblood of innovation. We, at SWS ensure that students have access to the opportunities that help them unlock the potential they possess. On 15th April 2023, Juana Technologies Pvt. Ltd. conducted an online session on National Coding Challenge, 2023 provided by CBSE, in association with Microsoft, for the students of classes 6 to 8. The topics for this were 'Protect Biodiversity and Natural Habitats', 'Cultural Heritage Preservation', 'Accessibility', 'Humanitarian Action', 'Health and AI for Good'. During this workshop, they were provided with opportunities to showcase their programming skills and solve some real life issues using technology. Students were made aware about the registration process, the platform to be used for building the project and steps to submit the same. It was an interactive and engaging programming experience for the students. Our Wonderites participated whole-heartedly and the workshop served as an interactive and engaging programming experience for the students.

Assembly on Earth Day by Foundation Years

'Earth is the only thing we have in common.'

Earth Day is celebrated globally on the 22nd of April every year. It is marked to raise awareness about protecting the environment and preventing pollution, deforestation etc. In an endeavour to sensitize students, the children of Class 2A conducted an assembly on 'Earth Day'. The little ones spoke about the importance of 'Reduce, Recycle and Reuse'. They recited poems highlighting the need for conserving and nurturing nature. The students also presented a mesmerizing dance performance dedicated to Mother Earth. They took a pledge to say 'No to Polythene Bags' and use only eco-friendly products. Students were also shown an informative video on recycling.

The Principal, Ms. Poonamjit Kaur applauded the students for their efforts and reiterated the fact that we all need to make a conscious effort to save our planet. The little Wonderites promised to keep their environment clean and green.

Assembly on Earth Day by Primary Years

'Earth rejoices in our words, breathing and peaceful steps. Let every breath, every word and every step make Mother Earth proud of us.'

Every year on 22nd April, 'Earth Day' is celebrated to mark the anniversary of 1970's Modern Environmental Movement. It reminds us of our responsibility to take care of the planet and protect it for future generations.

The assembly on Earth Day was conducted on 17th April 2023 by the students of class 5B. The day began with a prayer seeking blessings of the almighty. To appreciate Planet Earth and preserve it for the future generations the students recited a poem and presented a beautiful song. They also shared some interesting facts about the topic. Expressing their love and concern for Mother Earth, the students enthusiastically shared how each one of us could contribute in making a difference in keeping our surroundings clean. While addressing the students, the Junior Wing Head, Ms. Sarika Sharma appreciated their efforts and emphasized the need of conserving our environment.

Baisakhi celebrations in Foundation Years

*Amidst the rich harvest across the lush green fields,
Baisakhi has arrived in all its majesty.*

At SWS, we aim to imbibe in our children the values and ethos of every culture and community. To create an awareness of the spring harvest festival in all its essence, Baisakhi festival was celebrated on 13th April by the students of Foundation Years.

The school premises were beautifully decorated, depicting the rich and vibrant harvest season. The children came dressed in traditional Punjabi outfits. As a part of their classroom activity, they created impressions of maize plant by finger-painting, adding wheat grains and colours to the intricate design. A video highlighting the significance of Baisakhi was also shown to the students in their respective classrooms. The little Wonderites had a lot of fun and enjoyed dancing with their teachers and friends. The teachers encouraged the children to celebrate all festivals with the same joy and excitement.

Special Assembly on Baisakhi by Primary Years

The word 'Baisakhi' comes from the Hindu calendar month of 'Vaishakh'. This is the time when the farmers in the Northern part of India have harvested the season's crops and are gearing up for the next season's sowing. It is also celebrated as a spring harvest festival.

Baisakhi is also marked as the 'New Year' for Sikh community and is a significant day in the Indian calendar. The spirit of Baisakhi was beautifully captured and shared by the students of class 5C as they conducted a special assembly on Monday, 10th April 2023.

The students recited poems and shared facts to demonstrate the significance of Baisakhi in India. Appreciating the efforts of the students, the Junior Wing Head, Ms. Sarika Sharma apprised the students of the importance of celebrating all festivals harmoniously.

Assembly on Baisakhi & Ambedkar Jayanti

The first assembly of the month for the session 2023-24 was conducted on 11th April by the students of Class 9A. To commemorate Baisakhi, the students recited a beautiful poem and talked about how the season of harvest is celebrated across the nation. They also talked at length about Dr. Ambedkar's life, and the monumental role played by him in framing the Indian constitution.

A foot-tapping Punjabi dance on the song 'Peepa' was also presented by the students during the assembly. Senior Wing Coordinator, Dr. Parul Bhargava highly appreciated the effort made by the students in presenting this assembly.

Assembly on Introduction of SDGs

The students of Class 9B presented their class assembly on the theme 'Introduction to Sustainable Development Goals (SDGs)' and 'Save Planet' on the 18th of April, 2023. The students delivered a speech on the critical role played by these SDGs. They also enacted an excellent skit on 'Save our Planet Earth', and recited a poem on 'Save Mother Earth'. The importance of each SDG was showcased by the students by means of various placards.

The Principal, Ms. Poonamjit Kaur appreciated the creative way in which all the 17 SDGs were introduced to the students, as this is the theme of the academic and co-curricular activities for the ongoing session.

Assembly on 'Clean Water and Sanitation' and 'Climate Action'

On the morning of April 25, 2023 the students of Class 9C organised an assembly on the theme of Sustainable Development Goals (6 and 13) - 'Clean Water and Sanitation' and 'Climate Action'. The students presented a skit and dance performance, with an aim of spreading awareness about the importance of water conservation and its impact on climate change.

The skit portrayed the disastrous consequences of climate change caused by the excessive use of water. The students showcased the different ways in which water is being wasted in our daily lives, leading to the depletion of natural resources and the destruction of our environment. The dance performance was a creative and engaging way to reinforce the message of water conservation. The students performed with great enthusiasm and coordination, impressing the audience with their acting and dancing skills.

The Principal, Ms Poonamjit Kaur praised the efforts of the students of 9C in organising such an informative and entertaining assembly. She also awarded all the academic achievers of the year 2022-23 with medals and certificates. She congratulated them for their hard work and outstanding performance and encouraged all students to strive for excellence in their academic pursuits. The assembly concluded with the students taking a pledge to save water and conserve the environment.

Special appreciation certificate awarded to Ashaank and Satyam, 8B

Muffins The School Canteen Reopens

We are glad to announce the much-awaited reopening of the school canteen at our campus. Known as Muffins, the canteen facility is all set to give the students an option to buy fresh, delicious and healthy food at competitive prices during the school hours.

Book Covers and Reviews

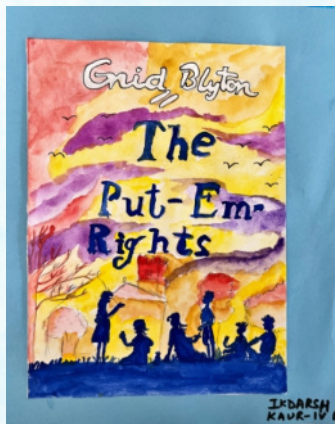

'A book is a gift that you can open again and again.'

Reading books improves our vocabulary and comprehension skills. It also gives us a better command over the language and enhances our perspective. To inculcate and promote the habit of independent reading amongst the students at SWS, we encourage them to write book reviews and design book covers.

School in News

Smart Wonders holds orientation programme

MOHALI : Smart Wonders School, Sector 71, organised an orientation programme for the parents and students of classes 6, 7 and 8 to introduce them to the school's curriculum and functioning and familiarise the parents with the teaching methodology, assessment pattern, school rules and policies.

The day commenced with a lamp lighting. Senior wing coordinator Parul Bhargava walked the parents through a comprehensive presentation, providing a glimpse of the activities and events conducted during the previous session and the achievements of Smart Wonder School students in the field of academics and beyond. The event also served as a platform for the educators to introduce themselves to the parents. School principal Poonamjit Kaur appreciated the parents' involvement in the holistic development of their children. The day culminated with the school anthem.

Smart Wonders organises orientation programme

Parents during the orientation programme at Smart Wonders School.

MOHALI : Smart Wonders School organised a two-day orientation to familiarise the parents with the teaching methodology, assessment pattern, school rules and the policies. The parents were shown a presentation to apprise them about the new practices being introduced in the session 2023-24. Principal Poonamjit

Kaur reiterated the ideology of the school to instil social, moral and ethical values without undermining the innocence of the young developing minds. She also thanked the parents for their trust and support. Coordinators Manveen Mander and Pajal Bedi along with the junior wing head Sarika Sharma were also present.
