SWS/ACD/2023-24/92

Dear Parent

Greetings from Smart Wonders!

EVS or Environmental Science forms the foundation to develop reasoning skills in young minds. It provides a lens of logic to perceive the world around and leads students on the path of exploration and self-discovery. It develops scientific aptitude and fosters critical thinking and problem-solving skills in students.

To enhance these skills, **An Inter-House EVS Quiz Competition** is being organized for the students of the Primary Years (classes 3-5).

Students can refer to the following syllabus for preparation:

Class 3

1. India- My Country: Traditional clothes of Indian states, Political map of India- States and Capitals,
2. Save the Environment - Pollution, (Air, Water and Noise pollution) Water Conservation, Water Scarcity
3. Plants: Parts of a plant, Edible parts of plants, Habitat of different plants (Terrestrial, Aquatic and desert plants), Flowering and Non flowering plants, Photosynthesis.
4. Animals - Classification of animals on the basis of their habitat (where they live) and the eating habits, Birds- their beaks, claws, feathers, nesting habits, Food chain.
5. Food and Health: Food from different states of India, Food Groups, Sources of food, Human Digestive System, Food items used as medicines, cooking methods, Fuels used for cooking
