

SMART WONDERS SCHOOL

Tuesday, 2nd July 2024

SWS/ACD/2024-25/32

Dear Parent

Greetings from Smart Wonders!

Students have settled well in the classes and the academic rigor is going on in full swing. Keeping the harmonious and integrated growth of every child, the school organizes remedial classes for classes UKG to 5 on Saturdays, beginning from the month of July. These classes provide an opportunity to the educator to facilitate the students individually in the required academic area as these are aimed at developing the potential of each child to the optimum level so that the child does not lag behind and has better concept clarity.

The class educator will be in touch with you and inform you about the subject for which your child will be required to attend the class. The classes will commence from Saturday, 13th July 2024 from 10:00 a.m. to 12:00 noon (fourth Saturday of the month will be 'off'). Your ward's individual time slot will be shared by the class teacher.

Note: - School transport facility will not be available for the remedial classes.

Warm regards

Poonamjit Kaur
Principal
