## PA - 1 Date Sheet Classes 6-10

Wednesday, 9<sup>th</sup> April 2025

SWS/ACD/2025-26/6

Dear Parent

Greetings from Smart Wonders!

Your partnership in prioritizing our students' best interests has enabled us to foster a dynamic learning environment. It has always ensured holistic development for every child in school. We have taken many initiatives to improve our teaching learning process.

We are revising the periodic assessments schedule to enhance our students' educational experience.

Periodic Assessments will now be conducted over the course of a week rather than condensed into once a day over the weeks. This way, children will be able to have more free weeks to concentrate on their self-study, skill enhancement, sports or cultural activities. Mondays will be dedicated to both curricular and co-curricular activities, allowing students to explore new interests, develop essential skills and engage in meaningful learning beyond academics.

**Periodic Assessment 1 will begin on Monday, 5<sup>th</sup> May 2025, the Date sheet is provided below to help your child prepare effectively. Normal school timings will be followed during Periodic Assessments. .**

Date / Day	Class 6	Class 7	Class 8	Class 9	Class 10
