

SMART WONDERS SCHOOL

Earth Day – Class - 1

Tuesday, 15th April 2025

SWS/ACD/2025-26/8A

Dear Parent

Greetings from Smart Wonders!

In an endeavor to raise awareness about the importance of protecting our planet Earth we are organizing a “Trash to Treasure – Best out of Waste” activity for Class 1 on Tuesday, 22nd April 2025. This initiative aims to encourage creativity, environmental awareness, and responsible waste management among our young learners.

Activity Details:

- Theme: Creating useful and decorative items from waste materials
- Materials: Students are encouraged to bring an empty clean plastic bottle (750ml) on Wednesday, 16th April 2025

The objective is to encourage creative reuse of waste materials and promote environmental responsibility and sustainability.

We look forward to seeing our students' innovative ideas and fostering a greener future together.

Warm regards

Poonamjit Kaur
Principal
