Dear Parent

Warm greetings from Smart Wonders!

As part of our ongoing efforts to inculcate good table manners and promote healthy eating habits among our students, the children have created their own personalized table mats during class. This hands-on activity not only fostered creativity but also served as an engaging way to reinforce the importance of proper table etiquettes.

To preserve and make practical use of their wonderful work, we kindly request parents to get these table mats laminated. Laminating them will ensure durability and allow your child to use them regularly during meal times at school.

We appreciate your support and cooperation in helping us nurture these essential life skills in our young learners.

Warm regards

Ruchika
