SWS/ACD/2025-26/41

Dear Parent

Warm greetings from Smart Wonders!

We are excited to share that we will be organizing a Rain Walk at school in the coming week. This carefully planned activity is part of our experiential learning approach, where children get to explore the wonders of nature during the rainy season.

As part of the walk, children will:

- Observe clouds and enjoy the gentle rainfall
- Notice puddles, earthworms wiggling, and other elements of nature
- Experience and discuss the water cycle in a fun, hands-on way

To ensure the children are comfortable and safe during this engaging activity, we request you to send the following items with your child on Monday, 14th July 2025.

- A small umbrella or raincoat
- A net bag to carry belongings
- A pair of crocs or waterproof footwear

Kindly ensure all items are labelled with your child's name.

We look forward to providing our young learners with a joyful and meaningful experience that helps them connect with nature and build curiosity through real-world exploration.

Warm regards

Ruchika
