Dear Parent

Greetings from Smart Wonders!

Assessments are an essential tool that helps us monitor students' progress and provide valuable feedback to support their academic journey. Assessment conducted at regular interval allows us to track your child's Academic growth throughout the year, rather than relying solely on final examinations. This approach helps us identify learning gaps early and address them promptly. The feedback in the form of assessment result will help students understand their strengths and areas for improvement, fostering a growth mindset and building confidence in their abilities.
