From The PRINCIPAL'S DESK

The Road to Greatness Nurturing Tomorrow's Leaders at SWS

At SWS, we understand that greatness isn't measured solely by grades on a report card or trophies on a shelf. True greatness emerges when we nurture the whole child—mind, body and spirit—creating a foundation for lifelong success and meaningful contribution to society.

Our philosophy centers on holistic development, recognizing that each student carries unique potential waiting to be discovered and cultivated. We believe that true education goes beyond textbooks and examinations, extending into the realm of character building, creative expression, and compassionate leadership.

While academic excellence remains paramount, we view it as one pillar of a much larger structure. Our rigorous curriculum is designed not just to impart knowledge, but to develop critical thinking, problem-solving abilities, and a genuine love for learning that will serve our students throughout their lives.

Through carefully designed co-curricular activities, students learn the value of teamwork, perseverance, and healthy competition. Our sports programs teach resilience in the face of defeat and grace in victory. Creative arts help students express their inner voice while building confidence and cultural appreciation.

Community service initiatives provide students with opportunities to understand their role as responsible citizens. These experiences teach empathy, social awareness, and the profound satisfaction that comes from making a positive difference in others' lives.

The road to greatness begins with a single step, but it is sustained by a community that believes in the infinite potential within every child. Let us continue walking this path together, celebrating each milestone and supporting one another through every challenge.

Grandparents' Day Celebration

Legacy of Love

Grandparents' Day was celebrated by the Foundation years in school with great enthusiasm to honour the love, wisdom and invaluable role that grandparents play in shaping young lives.

The programme commenced with the auspicious lamp lighting ceremony, followed by a soulful shabad that set a serene tone for the morning. Students from Class UKG and 1 presented a series of engaging performances including song, dance and a delightful medley of old melodies dedicated to grandparents which filled the auditorium with nostalgia and joy.

The highlight of the event was the bhangra performance, which served as a vibrant grand finale, leaving the audience tapping their feet and applauding whole heartedly.

The auditorium buzzed with excitement as grandparents participated in a wide range of fun games designed to encourage laughter and joyful bonding.

Story Narration Session by Grandparent at Foundation Years

The Foundation Years students of Smart Wonders School had a delightful and enriching experience on Wednesday 17th September 2025 during a special story narration session conducted by Ms. Harvinder Cheema, a grandparent and renowned Sahajyoga Meditation practitioner. Ms. Cheema shared an engaging story that emphasized important values, positive habits, and recognizing the strengths of each child.

Highlighting the significance of the early years, she encouraged parents and grandparents to spend quality time with children, nurturing them with fun, creativity and meditation in their daily routines. Her interactive session not only captivated the young learners but also inspired them to develop empathy, self-confidence and mindfulness.

The director Ms. Avinash Kaur deeply appreciated Ms. Cheema's contribution and thanked her for reinforcing the school's ethos of holistic development and value-based education.

Explore & Create

Class activities play a crucial role in creating a vibrant and stimulating learning environment. They encourage active and meaningful participation, helping students apply concepts rather than simply memorizing them. These activities nurture creative, critical and innovative thinking while promoting collaborative, supportive teamwork and effective communication. By addressing diverse learning styles, they build strong

confidence and ensure that every child benefits. Overall, class activities make classrooms more dynamic, inclusive and enriching, supporting both academic excellence and social-emotional growth.

D.E.A.R Program

Fostering a Love for Reading

Our school recently embraced the joy of reading through the Drop Everything and Read (D.E.A.R) program, a school-wide initiative designed to cultivate a passion for reading among students. Every class participated enthusiastically, dedicating time to immerse themselves in books and stories.

The D.E.A.R program aims to enhance students' vocabulary and comprehension skills while instilling a lifelong habit of daily reading. By creating a nurturing environment for literary exploration, we are empowering our students to become confident and engaged readers.

Let's join in celebrating the transformative power of reading!

The Wonderites Shining on the Field

In a remarkable display of skill, teamwork, and determination, the young athletes of Smart Wonders School have added yet another feather to our cap by securing victories at the Zonal level across multiple disciplines. Our U-17 boys' and girls' football teams dominated the pitch with outstanding performances, showcasing precision and strategy to clinch top honours. Not to be outdone, the U-17 girls' basketball squad dazzled with their agility and coordination, while the U-17 boys' cricket team delivered boundary-hitting brilliance to emerge victorious.

Second Position in Cricket Zonal U-17 Boys

Third Position in Zonal Basketball U-17 Girls

These stellar achievements have propelled all our teams straight to the district-level competitions.

Congratulations team-the hard work and spirit continue to inspire the entire Smart Wonders community!

Participation in Zonal Football U-17 Girls

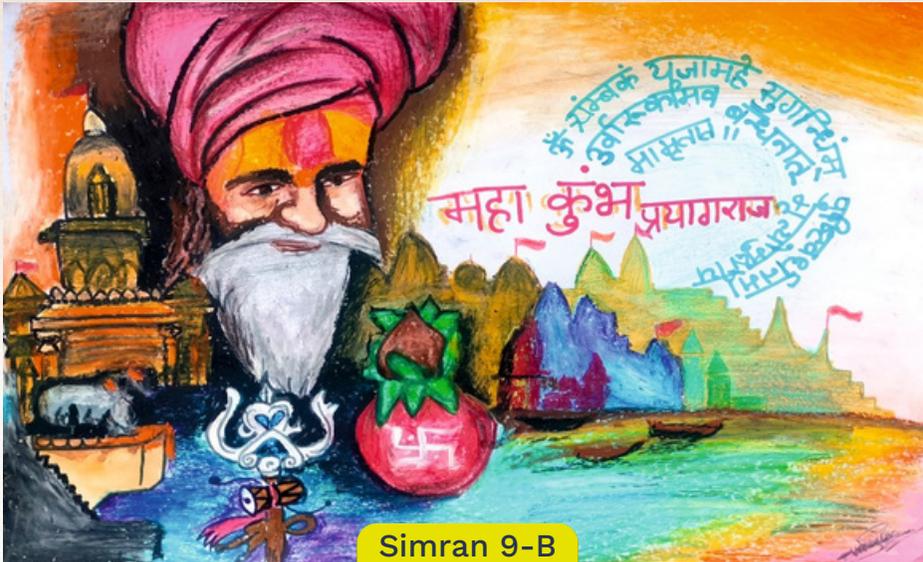

Second Position in Zonal Football U-14 Girls

Students' Corner

A Canvas of Creativity and Imagination

Simran 9-B

Harmanbir Singh 9-A

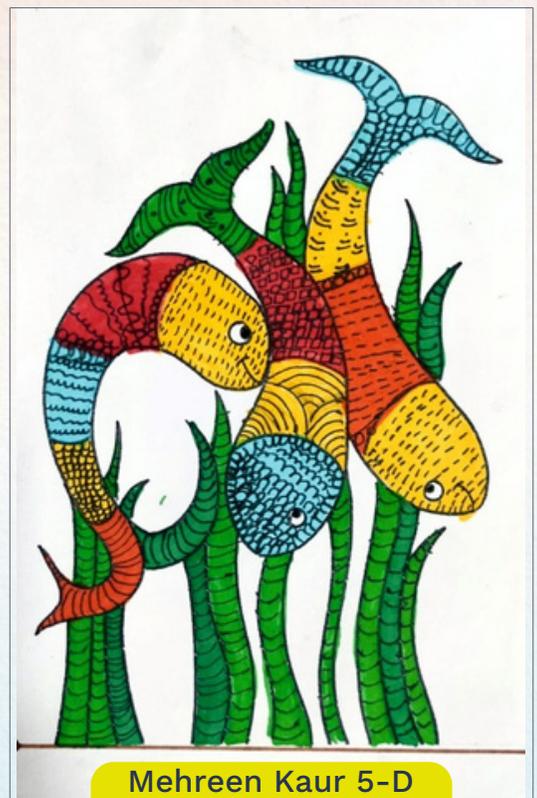

The Students' Corner is a vibrant space where young minds unleash their artistic skills, transforming ideas into captivating expressions of creativity and imagination. Students, with their boundless curiosity and fresh perspectives, bring a unique energy to their artistic endeavors. Whether it's through painting, writing, music or digital art their work reflects a kaleidoscope of emotions, dreams and innovative ideas.

Their artistic skills shine in the way they blend colors, craft stories, or compose melodies, often defying conventional boundaries. A student's imagination knows no limits—turning a blank canvas into a vivid world of fantasy, a simple poem into a heartfelt narrative, or a sketch into a window to their soul. This creativity is fueled by their ability to see the world through an unfiltered lens, where every experience from the mundane to the extraordinary becomes an inspiration.

Imagination: the seed of every creation

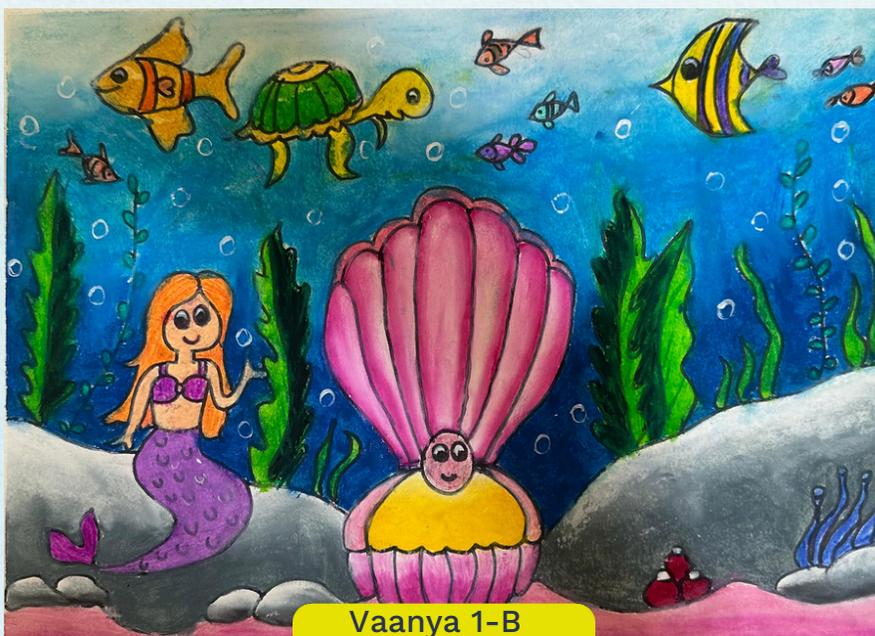

In the Students' Corner, every creation tells a story of exploration and growth. Their art is not just a product but a journey—a testament to their courage to experiment, their resilience in refining their craft, and their passion for sharing their inner worlds. This space celebrates their individuality and serves as a reminder that within every student lies an artist, brimming with imagination and ready to leave a mark on the world.
