Greetings from Smart Wonders!

This is regarding SAFAL (Structured Assessment for Analyzing Learning) is an online diagnostic assessment designed to provide developmental feedback to schools and teachers, helping to strengthen the teaching-learning process without adding any additional examination pressure on students. This assessment supports students, parents, and teachers in tracking learning progress throughout the school years. SAFAL will be conducted on a pilot basis in CBSE schools for students of Grades 6 and 9, focusing on key curricular areas — Language, Mathematics, and EVS/Science.

NOTE: No separate preparation is required for SAFAL.

Warm regards
