IGNITING YOUNG MINDS. INSPIRING TOMORROW

At Smart Wonders School, we empower children to become their best selves through engaging, imaginative, and values-driven education, fostering growth with confidence, competent and caring

2026-27

small WONDERS SCHOOL

A Mission for Transformation

“Children must be taught how to think, not what to think.”

~ Margaret Mead ~

At small Wonders, we believe that true education goes beyond textbooks and examinations — it is the art of shaping curious minds into confident, independent thinkers. The true purpose of learning lies in empowering each child to explore, question, and innovate.

Our constant endeavour is to provide a nurturing environment where every learner feels valued and inspired to reach their full potential. With gentle guidance and holistic development, we prepare our students not only to excel academically but also to stride into the world with dignity, confidence, and compassion — their heads held high and their hearts full of purpose.

SMART WONDERS SCHOOL

Confident, Competent & Caring

OUR JOURNEY

The journey of Smart Wonders School began in 2005 with a heartfelt vision - to create a learning space where every child feels valued, inspired, and empowered. What started as small Wonders School in Phase 7, Mohali, soon grew into a vibrant institution of excellence, offering education that blends tradition with innovation. Since receiving CBSE affiliation in 2015, Smart Wonders has continually redefined the standards of learning. Our motto, 'Confident, Competent & Caring,' encapsulates our belief in shaping individuals who not only achieve but also contribute meaningfully to society.

Over the years, we have cultivated a community of learners and educators who believe in the power of curiosity, collaboration, and compassion. Each milestone we achieve reflects our unwavering commitment to holistic growth and lifelong learning.

"The journey of a thousand miles begins with a single step."

~ Lao Tzu ~

FROM THE PRINCIPAL'S DESK

*“ Children must be taught how to think,
not what to think. ”*
~Margaret Mead~

These words truly resonate with my vision and dream of creating a learning space that inspires and nurtures individuality. At Smart Wonders School, our motto beautifully reflects this foster the growth of every child in body, mind, and spirit, shaping them into Confident, Competent, and Caring individuals.

Smart Wonders School is not just an institution; it is a vibrant, welcoming community where every child is valued, respected, and celebrated. The bright smiles and eager eyes of our students bring immense joy – and with that joy comes a deep sense of responsibility for me and every member of my team. It is our shared duty to recognise every child's unique potential, to honour every question asked, and to value every feedback received - with openness, fairness, and empathy.

We live in a world that is evolving faster than ever before, where the future transforms each day. In such times of constant change, education must be dynamic and forward-thinking. At Smart Wonders School, we continuously redefine our teaching methodologies, striving to balance intellectual growth with emotional and ethical development. Our comprehensive curriculum is designed to nurture well-rounded – individuals those who can think critically, collaborate effectively, and lead with creativity, compassion, and confidence.

I believe learning transcends textbooks-where Critical Thinking and Creativity matter as much as Empathy and Fearless Expression. Our shift from STEM to STREAM integrates arts and humanities with scientific inquiry through Robotics and AI, fostering problem-solving while honoring diverse learning pathways. Education must connect to real-world realities, which is why we are partnering with industry leaders for mentorship, technology workshops, and entrepreneurship opportunities. Our path forward embraces global collaboration through international exchanges, sustainability-focused curriculum, multilingual growth, and cross-cultural projects that prepare students for an interconnected world.

Our educators are the heart of our institution - mentors who lead by example, not merely imparting knowledge but serving as guides, listeners, and lifelong learners themselves. They continually upgrade their skills to ensure our students receive the best in both academics and values. The open, respectful dialogues between students and teachers form the foundation of a culture where curiosity thrives and learning becomes a joyful journey.

While we take pride in our well-equipped infrastructure - our playgrounds, laboratories, library, and classrooms - the true spirit of Smart Wonders School resides in the hearts of our students and staff. Their warmth, dedication, and enthusiasm define who we are.

I have always valued the power of listening. My door remains open to every student, parent, and teacher - because meaningful dialogue helps us understand, grow and create positive change for our learners.

Ruchika Sharma
(Principal)

Why Smart Wonders School?

Choosing Smart Wonders means embracing excellence - academically, emotionally and ethically fostering well rounded individual. We take pride in being a school that offers much more than lessons; we offer life experiences that shape character, confidence, and curiosity.

Our holistic education framework is designed to integrate academics with arts, sports, technology, and social responsibility. Through a blend of experiential learning, innovative teaching practices, and a caring community, we empower each student to explore their unique path to success.

Our consistent record of 100% CBSE Board results stands as a reflection of our unwavering dedication to quality education. But beyond marks, we measure success in the smiles, self-belief, and compassion of our learners.

"Excellence is not an act, but a habit." ~Aristotle~

Educational Philosophy at Smart Wonders School :

At Smart Wonders School, our educational philosophy is rooted in the belief that true learning extends beyond textbooks. We strive to create a perfect balance between scholastic and co-scholastic activities, ensuring the holistic development of every child - intellectually, emotionally, socially, and physically. Our aim is to build a child-centric learning environment that blends the wisdom of time-tested traditional methods with the innovation of modern educational practices and resources. This fusion of heritage and progress enables our learners to stay grounded while embracing change with confidence.

By thoughtfully integrating the curriculum with real-life experiences, we endeavour to make learning meaningful, engaging, and relevant. In doing so, we aspire to nurture a community of joyful learners, compassionate individuals, and future-ready leaders who are equipped to make a positive impact on the world.

Achievements at Smart Wonders School : At Smart Wonders School, we take pride in nurturing excellence across academics and co-curricular domains. Our students consistently bring laurels to the school through their dedication, talent, and hard work. Since joining the CBSE fold, the school has proudly maintained a 100% pass record in the Class X Board Examinations, with many students achieving perfect scores in subjects like English, Mathematics, Science, Social Science, Hindi, Punjabi, and French. Beyond academics, our learners have also excelled in numerous inter-school events, winning accolades and making the school proud at every step.

- **Position Holders :** The school proudly celebrates its outstanding achievers, with the 1st Position secured at 99.4%, marking the second-highest score in the Tricity.
- The school's average of 88.14% stands as the highest in the Punjab region, as reflected in the CBSE School Report Card.

Infrastructure at SWS : The school campus is an architectural marvel. Nestled in the residential area of Sector 71 Mohali, the institute is a safe and welcoming space. The ambience of the school promises to nurture each child's aesthetic and creative horizons. We have spacious air-conditioned Smart Classrooms, Computer Lab, Science and Math Integrated Lab, Audio-Visual Hall, Amphitheatre, Dance Room, Library, Fine Arts Studio, Yoga and Indoor Sports Room, Swimming Pool, Spacious Playgrounds as well as Sports Courts.

Qualified and Trained Staff at SWS : Being a competent and well-performing teacher is one of the most important resources in any educational institution. SWS is proud of its proficient educators who go through a rigorous selection process. Throughout the year, various teacher training and capacity building programs are conducted by professional resource-persons to enhance the quality of teaching, learning and assessments. Our staff is trained to be sensitive to the children's individual needs so as to guide and support them accordingly.

Field Trips / Outreach Programs : School trips leave a great impact on the mind of the students, where they go without their family, with their friends and teachers, which allows them to rely on themselves and take responsibility while enjoying the activities of the trip. These trips can be both educational and entertaining experiences. Smart Wonders School gives this opportunity to each child, be it juniors or seniors, every year for day trips, field trips, treks and tours. Each year, the students and teachers look forward to this activity.

Annual Day and Class Shows:

Conducting the school's Annual Day and Class Shows provides the school with an opportunity to showcase its achievements. This event also gives the students an opportunity to exhibit their talent and interact with their peers and educators in a more informal environment. From dance performances to plays and musical events to speeches, the school annual day is one day that is eagerly anticipated by children and parents alike,

every year. This is also a day when achievers are felicitated for their accomplishments in the academic year. We ensure every child participates in these shows every year based on their aptitude and interest.

THE CURRICULUM AT SWS

The curriculum at Smart Wonders School is dynamically aligned with the National Education Policy (NEP) 2020. It aims to ignite curiosity, promote independent learning, and equip students with essential skills to succeed in life.

Following the CBSE curriculum, our approach is research-based, structured and tailored to the developmental needs of each age group.

- **Foundation Years (UKG–Class 2)** : Focus on experiential and activity-based learning that encourages exploration and discovery.
- **Primary Years (Classes 3–5)** : Emphasize hands-on learning, subject integration, and independent expression.
- **Senior Wing (Classes 6–10)** : Prepare students for practical application of concepts, academic rigor, and success in board examinations and future careers.

The SWS curriculum promotes three aspects of achievement in the student:

- The ability to express their ideas verbally and in written expression.
- The ability to apply knowledge for analysing and problem solving, as well as creating new ideas.
- The development of personal and social skills, such as introspection, confidence, competence, empathetic attitude, reflection, cooperation, coordination as well as leadership.

The curriculum encourages integration of subjects and experiential learning. The students get numerous opportunities to explore, experiment, observe and experience various concepts and skills in school. These active learning strategies provide ample opportunities to the children to learn concepts at their own pace .

SWS ACADEMIC PROGRAMME

JUNIOR WING

Class UKG-5

Foundation Years

Class UKG - 2

The Foundation Years Programme offers a warm, nurturing, and stimulating environment where every child's natural curiosity and creativity are encouraged to flourish. These early years lay the groundwork for future academic success, emotional resilience, and a lifelong love for learning. The curriculum is thoughtfully designed to inspire young learners to explore, question, and think independently while developing essential life skills. It focuses on six key domains of development to ensure holistic growth:

- **Language Development** – Fostering clear, confident, and expressive communication in both speech and writing.
- **Numeracy Development** – Strengthening logical reasoning, analytical thinking and problem-solving through engaging, hands-on experiences.
- **Cognitive Development** – Nurturing intellectual curiosity, imagination, and conceptual understanding that support deeper learning.
- **Physical Development** – Building coordination, balance, and agility while enhancing fine and gross motor skills through purposeful activities.
- **Creative Development** – Encouraging originality, imagination, and appreciation for the arts through music, dance, and visual expression.
- **Social and Emotional Development** – Cultivating empathy, confidence, and social awareness to support emotional well-being and positive relationships. Together, these domains create a joyful and balanced learning journey, preparing children to step into the primary years with confidence, curiosity, and a strong sense of self.

Primary Years

Class 3 - 5

The Primary Wing marks a significant phase in a child's learning journey, where curiosity blossoms and foundational skills take firm root. In alignment with the National Education Policy (NEP) 2020, the curriculum is thoughtfully designed to provide joyful, experiential, and integrated learning opportunities that cater to the holistic development of every learner.

The school aims to nurture inquiring, creative, and confident young minds through varied learning experiences that blend academics with co-curricular exposure. Students are provided with a strong foundation in Literacy, Numeracy, and ICT skills, along with Art, Music, and Dance, enabling them to express, explore, and innovate.

The curriculum encourages experiential and competency-based learning, ensuring that children move beyond rote knowledge to apply understanding in real-life contexts. Emphasis is placed on communication, collaboration, critical thinking, and problem-solving skills essential for the 21st century.

Language learning follows the three-language formula outlined by NEP 2020. Students learn English and Hindi along with Punjabi as the third language, while French is offered as an additional global language to foster multilingual and cultural competence.

The subject of Environmental Studies (EVS) integrates basic concepts of science and social studies, encouraging children to explore their surroundings and develop awareness about environmental care and sustainable living.

To strengthen values and life skills, discussions and class activities focus on empathy, equality, respect, and social responsibility. Moral education is seamlessly woven into the curriculum, helping children build positive attitudes, emotional intelligence, and responsible citizenship.

Regular counselling and guidance sessions support students' emotional well-being, helping them navigate the transition from early childhood to middle school with confidence and resilience. Learners are encouraged to compete with their own potential and celebrate progress over perfection.

In these impressionable years, teachers and students together strive toward the school's guiding motto.

"Be the best version of yourself - in and beyond the classroom."

SWS ACADEMIC PROGRAMME

SENIOR WING

Classes 6-10

The Senior Wing at Smart Wonders School has a highly researched teaching and learning methodology. Based strictly on the CBSE guidelines for teaching and assessment, the senior school aims to scaffold the growth of students into independent thinkers and learners.

The curriculum aims at:

- » **Developing the ability to conceptualize, probe, reason and communicate efficiently and effectively.**
- » **Developing a positive attitude towards learning and the capability to appreciate the aesthetic and cultural aspects of various events, people and places.**
- » **Fostering in the students a thirst for knowledge, honesty and an attitude of giving their best to every situation they come across in their lives.**

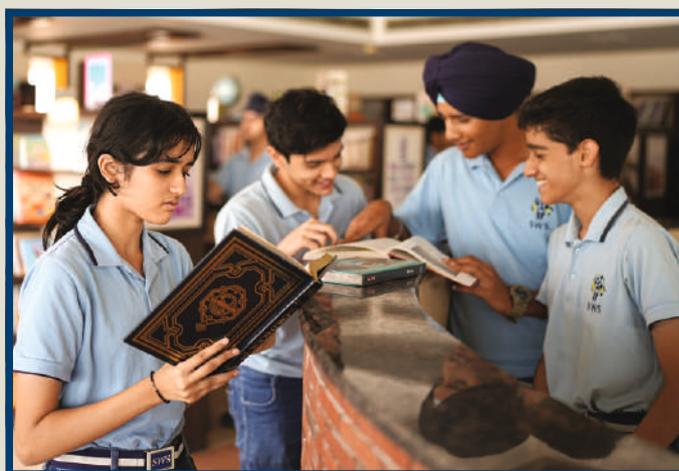

Introduction of Skill Subjects – The introduction of the New Education Policy by the Govt. of India has brought a revolutionary change in the education sector, shifting focus from rote learning to skill-based learning. Embracing the new initiative, we were one of the first schools in tricity to introduce skills subjects in our curriculum for the students of classes 6-10. These include Coding, Financial Literacy, Marketing, Artificial Intelligence, Mass Media and Marketing & Sales.

The Scholastic areas of studies in the Senior Wing include Mathematics, Science and Social Studies, along with Languages which include English (compulsory First Language) Hindi, Punjabi and French (Second and optional Third Language). The school offers courses such as Physical Education, Painting, Music, Dance and IT.

To enable the Smart Wonderites to excel in a technological and information rich environment, variety of teaching methods are used, which include teacher directed learning, student research, group projects and presentations. For interactive sessions and to lay emphasis on e-learning, the classrooms are equipped with Smart Board.

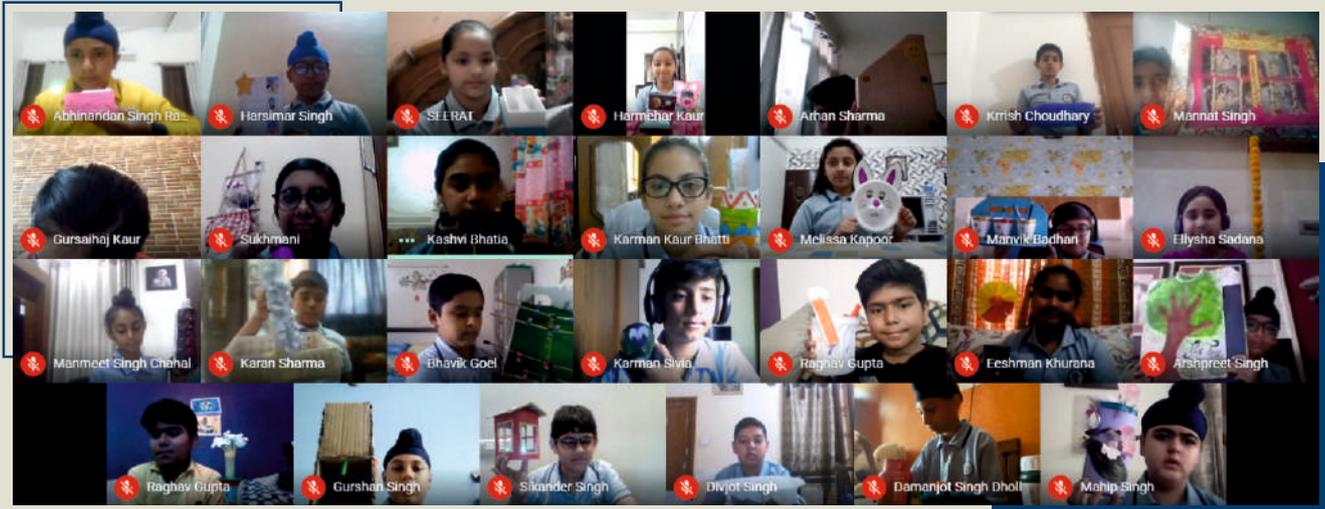

A wide range of assessment methods are used to assess students' learning outcomes. These may include individual research projects, group assignments, oral and visual presentations, use of technology including Power Point as well as more traditional class tests and assignments.

To create 'CONFIDENT, COMPETENT and CARING young adults', the students are given exposure to inter-school, inter-city and global events like MUN, World Scholar's Cup, Zonal, District and State Level Sports Tournaments, ISRO conference, Olympiads, etc. The students' eventful journey into adolescence is supported by regular counselling sessions by the School Counsellor.

HYBRID LEARNING

"If you are not willing to learn, no one can help you. If you are determined to learn, no one can stop you."
~ Zig Ziglar ~

LEARNING TOGETHER, EVEN WHEN WE WERE APART

During the pandemic, the school had successfully established an online classroom system, so that learning continued effectively. Our trained staff rose to the occasion magnificently and guided the students and their parents into a smooth transition with sensitivity and care, providing exciting and interesting activities for learning on the e-platform.

Google Meet was the educational platform used by the school for classroom teaching and other learning activities. Since April 2020, besides the teaching and learning, assemblies, competitions, parent orientation, parent-teacher meetings were conducted seamlessly using the Google Meet platform.

The alternative calendar shared by CBSE was woven into the session with thoughtful emphasis on connecting the teachers with the students and giving each one of them the space and motivation to express their own thoughts and learning. The assessment of learning using Google Forms had become an integral part of each class from class I to X. The school had successfully implemented continuous assessment programme, ensuring no break in the school calendar for the students.

Hybrid classrooms are the key for the future. The school invested time, money and human resources to ensure that all possibilities are available for the teachers and students for the seamless implementation of the new form of classroom – the hybrid classroom.

SWS ENRICHMENT PROGRAMME

At Smart Wonders School, learning goes far beyond the classroom! The SWS Enrichment Programme offers a vibrant array of activities that inspire students to explore their passions, showcase their creativity, and discover their true potential.

Designed to nurture talent and confidence, the programme seamlessly blends academics with co-curricular excellence. It includes Enrichment Clubs, Inter-House Competitions, Inter-School Events, and specialized platforms such as the Morning and Evening Sports Academies - ensuring every Wonderite finds their spark!

Western Dance

School Band

Sketching and Painting

Digital Art and Animation

Basketball

Football

SWS ENRICHMENT CLUBS

Discover. Create. Shine.

We at SWS believe that every child is gifted in their own unique way. Our Enrichment Clubs provide the perfect platform for students to pursue their interests, develop new skills, and express themselves with creativity and confidence. Students can choose from a wide range of exciting activities including:

Aerobics, Football, Basketball, Chess, Table Tennis, Taekwondo, Yoga, Contemporary Dance Forms, Punjabi Folk Dance, Instrumental & Vocal Music, School Band, Painting, Art Factory, Computer Designing, 3D Designing, Cook & Serve, Theatre, Personality Development, Literary Club, Media, Photography, and Film Making. Every club is a journey of discovery - where imagination meets action, and learning becomes a joyful experience!

THE STUDENT COUNCIL

Elected each year, gives learners a democratic platform to express ideas, make decisions, and contribute to school culture. It's where leadership begins - in empathy, in teamwork, and in service.

Every competition, every applause, every small achievement adds to a greater goal - nurturing confident, competent, and caring global citizens.

Leadership begins with listening, grows with responsibility, and shines through action.

INTER SCHOOL COMPETITIONS

SWS Confluence is the flagship event under which Smart Wonders School hosts its annual inter-school competition. The theme for SWS Confluence 2025 was Beyond Boundaries where students from 23 leading schools of the tricity enthusiastically participated in 10 offline and 2 online well curated competitions based on the essential BEYOND BOUNDARIES - WHERE LIMITLESS HORIZONS AWAIT.

INTER HOUSE COMPETITIONS

At Smart Wonders School, every student from Classes 3-10 is placed in one of the four houses of the school: Aspen, Maple, Cedar and Oak. Each of these houses has their own inspiring motto. The prime objective of these houses is to inculcate among the pupils a sense of collective responsibility and solidarity, a sense of team spirit and to encourage healthy competition. Each House is under the charge of a House Mistress & a deputy House Mistress along with House Captains and Prefects who shoulder the responsibility to ensure a smooth and efficient functioning of the House.

MORNING AND EVENING SPORTS PROGRAMME

“There is no way around the hard work. Embrace it. You have to put in the hours because there is always something you can improve.”

~ Roger Federer ~

In line with the school's motto “to build competent young adults of the future,” Smart Wonders School takes pride in nurturing athletic talent through both its Morning and Evening Sports Programme.

Launched in 2019, the Evening Sports Programme. was established with the vision of promoting a culture of sports and fitness beyond regular school hours. It offers the perfect platform for our Wonderites - as well as children from the neighbourhood — to receive professional coaching in Swimming, Skating, Basketball & Football.

Under the guidance of experienced sports instructors and with access to the school's state-of-the-art sports infrastructure, students are encouraged to strengthen their skills, enhance endurance, and develop the discipline and spirit of true sportsmanship.

INFRASTRUCTURE & FACILITIES

Smart Classrooms

.....

The air-conditioned, spacious Smart Classrooms at Smart Wonders School provide an ideal environment for effective and joyful learning. Each classroom is equipped with interactive Smart Boards, enabling teachers and students to integrate technology seamlessly into the teaching-learning process.

The use of advanced digital tools encourages research, collaboration, and sharing of ideas beyond textbooks - fostering critical thinking, creativity, and deeper understanding among students.

Adding to the comfort and organization, every classroom is well-maintained and features individual cubby holes for each student, creating a warm, structured, and engaging atmosphere that inspires active participation and learning.

.....

Computer Lab

.....

At Smart Wonders School, Information Technology is woven seamlessly into the learning fabric. The Computer Lab provides students with hands-on experience, ensuring they gain confidence in both hardware and software applications.

Students are encouraged to use technology not just as a subject, but as a powerful educational tool to explore, create, and innovate. Emphasis is placed on the practical use of software and its integration with subjects such as Mathematics, Science, and Social Studies, enabling learners to apply digital skills meaningfully in their academic journey.

Through guided exploration and independent practice, Wonderites learn to harness the vast potential of technology to enhance their learning and stay future-ready.

.....

Audio Visual Hall

The Audio Visual Hall is the hub of creativity and expression at Smart Wonders School. This spacious, air-conditioned hall is equipped with a state-of-the-art sound and lighting system, creating the perfect ambience for a variety of events.

From assemblies, competitions, and workshops to theatrical performances and interactive sessions, the AV Hall provides an inspiring platform where students showcase their talents, build confidence, and celebrate learning in its most dynamic form.

Infirmary

The Infirmary at Smart Wonders School ensures the health and well-being of every student. Staffed by a qualified nurse, it is equipped to provide first aid and basic medical care during school hours.

Regular health check-ups, awareness sessions, and hygiene initiatives are conducted to promote physical fitness and preventive care - ensuring that our Wonderites stay safe, healthy, and ready to learn.

Composite Lab

The Composite Lab at Smart Wonders School is a dynamic space where curiosity meets discovery. Designed to foster hands-on learning, exploration, and collaboration, it provides students with opportunities to experiment, observe, and innovate.

Equipped with manipulatives and apparatus for Mathematics and Science, the lab encourages students to learn through experience - transforming theoretical concepts into meaningful understanding.

Dance Studio

The Dance Studio at Smart Wonders School is a beautifully designed space that celebrates rhythm, movement, and expression. Under the guidance of skilled dance instructors, students learn the art and discipline of dance while developing confidence, coordination, and creativity.

The spacious, well-equipped studio provides an inspiring environment for students to experience and appreciate a wide spectrum of dance forms - from folk and classical to modern and contemporary, helping them express emotions and stories through movement.

Learning Resource Centre

We believe that learning extends far beyond the classroom walls. Our school library, a treasure trove of knowledge and imagination, is designed to inspire a love for reading and exploration in our students. With a vast collection of over 8,300 books, our library offers a diverse range of fiction, non-fiction, and reference titles to cater to the interests and curiosity of our students. Our Resource Centre is a hub of learning, where students can discover, explore, and grow, fostering a lifelong love for learning and discovery.

Yoga & Wellness Studio

We believe in nurturing the whole child - body, mind, and spirit. Our Yoga and Wellness Studio provides a serene and supportive environment for students to cultivate physical, emotional, and mental well-being. With expert guidance, our yoga and wellness programs help students develop self-awareness, balance, and inner peace, empowering them to thrive in all aspects of life.

Artistry Studio

Einstein said, "Logic will take you from A to B. Imagination will take you everywhere". The Fine Arts studio in SWS is a place where the imagination and creativity of the child is nurtured. Each child is an artist who paints and colours in an environment that is motivating, supportive, non-judgemental and full of creativity.

Electric Echoes

Electric echoes our school band, a dynamic ensemble that showcases the incredible musical talent of our students! With a diverse range of instruments and a passion for performance, our band has quickly become a highlight of school events and functions. From energetic rock performances to soulful melodies, our band members are taking the stage by storm, earning accolades and applause from audiences alike.

AMPHITHEATRE

Just like the Romans, SWS has a large open air auditorium which is used for outdoor performances, concerts, interactions, competitions and programmes.

HEALTH AND FITNESS

.... because care comes first

For the development of motor skills, to promote fitness and health as well as the all-round development of our students, SWS has a spacious football ground, cricket pitch, tennis court, basketball court and swimming pool.

At Smart Wonders School, student well-being is the cornerstone of everything we do.

Our safety-first philosophy ensures that each child learns, explores, and plays in a secure, compassionate environment.

SAFETY & WELL-BEING

Complete CCTV surveillance across campus and buses ensures continuous monitoring and safety.

Medical support with a full-time nurse and tie-up with Livasa Hospital, Mohali guarantees immediate medical attention.

Safe drinking water, sanitized restrooms, and clean canteen facilities reinforce health standards across the campus. Regular safety drills, counselling sessions, and wellness workshops nurture both physical and emotional resilience.

Counsellor's Corner : Looking at the current scenario of increased awareness of mental health and well being Smart Wonders school has a full time School Counsellor and a Special Educator. They support the students to face the various challenges of present times and developing a healthy self image.

Swimming

Skating

GENERAL INFORMATION

ADDITIONAL FACILITIES

- Water coolers equipped with RO are installed on each floor for clean drinking water.
- Child-friendly, clean and sanitized separate washrooms for girls, boys and staff members.
- 24 Hour Power back up for uninterrupted studies.
- Complete CCTV surveillance of the campus: All the classrooms, corridors and the playgrounds of the school are under CCTV surveillance for the safety and security of the students.

WEBSITE

- Parents can find all the comprehensive information related to the school at <http://smartwonderschool.com>.

The admission form, e-calendar, School's Newsletter, pictures and videos of all the activities conducted in school can be checked on the school website.

TRANSPORT

- Mobile equipped buses available for Chandigarh, Mohali and Kharar.
- Presence of a Female Attendant and a Conductor in every bus.
- All the buses have CCTV surveillance and GPRS facility.
- For any queries pertaining to School Transport, you can call us at (+91) 9914435122.

SCHOOL APP

- School App is a mobile application which gives quick access to the daily homework, attendance record, weekly or monthly notes, monthly newsletter, messages, important circulars, fee challan and PTM feedback, etc. At the click of a button, parents can also make the fee payment using this app. School App provides a clear and defined platform for the parents and the school to exchange important information.

SCHOOL'S NEWSLETTER (PANORAMA)

- At SWS, we provide every student the opportunity to showcase their skills, creativity and ensure that these achievements along with all the interesting classroom activities and school events are published in our monthly School's Newsletter.

SCHOOL CANTEEN (MUFFINS)

- The school campus has a canteen that provides healthy and nutritious food at reasonable rates to the students and staff members. The canteen menu is available on School App for reference.

REGULAR SCHOOL TIMINGS

| | | |
|--------------------|-------------------|-------------------|
| Class UKG | Class I - II | Class III - X |
| 09.30 am – 1.20 pm | 8.00 am – 1.20 pm | 8.00 am – 2.50 pm |

SCHOOL RULES & REGULATIONS

Students must come neatly dressed in their complete school uniform daily.

Students must carry their almanac and wear the ID card to school every day .

Students are expected to reach the school at least 5 minutes before the starting time every day. Late comers will not be allowed to enter.

If a pupil needs to go back home urgently for any emergency during school hours, there should be a written note from the parent bearing the signature, only then the child will be handed over. Functions and outstation trips will not be treated as emergencies. The child will only be allowed to leave with the permission of the Principal.

Medical leave will only be granted by the Principal on the provision of a medical certificate by a medical practitioner.

Leave will be sanctioned only when applied on the Leave Application Form provided in the School Almanac.

The affected child will not be allowed to come to school even if there is an examination.

Chicken Pox – Till complete falling of scabs.
Cholera – Till the child is completely well.
Measles – Two weeks after the rash disappears.
Mumps – Until the swelling has gone.
Whooping cough – Six weeks.

In case of illness, the child should not be sent to school at all, even on assessment days.

No review or examination date will be changed even if a child is absent on medical grounds.

In all the official correspondence with the school, full name of the child, as well as the class and admission number should be mentioned.

On all Saturdays (Except the Fourth Saturday) parents can come and meet the concerned educator, between 10:30 am - 11:30 am, after taking an appointment. Please send a diary note seeking appointment in case you would like to meet the educator on a working day after school hours.

Birthday Celebration (UKG onwards)

We prefer to keep the birthday celebration simple to avoid any disparity or over indulgence. Parents are requested to send only 2 candies per child. Students of Classes 3 to 10 are expected to wear proper school uniform to school on birthdays.

General Rules

Students are not permitted to bring objectionable material to school such as magazines, video games, mobile phones, electronic gadgets, sharp objects and smart watches etc.

Students are not permitted to wear ornaments, expensive wrist watches, apply henna, nail paint, wear fancy clips & hair bands.

Girls with ear piercing will wear only small studs.

Students should carry their tiffin and other articles required in school. The school staff shall not accept any item sent later during working hours due to security reasons.

Students of Classes UKG- 5 are not allowed to carry money to buy food from the school canteen - Muffins. They need to get coupons that are to be bought by parents from the canteen.

Ours is an environment-friendly school, therefore, polythene bags are not allowed on the campus. Please provide a cloth/jute bag to your child to carry his/her belongings.

- » Prior appointment is required for meeting the Principal, however, in case of an urgent issue, one can take the help of the Front Desk for immediate action.
- » All correspondence must be addressed to the Principal.
- » Circulars carrying school programmes, schedules, school news and other important information will be frequently sent to parents and guardians with their wards as well as through the school App. It is imperative that these circulars are read carefully, and the acknowledgment slip signed (where needed) and sent to the class teacher.

REGISTRATION & ADMISSION PROCESS

ADMISSION FORM IS AVAILABLE ONLINE ON THE WEBSITE
AS WELL AS AT THE FRONT DESK IN THE SCHOOL

Thank you for your interest in seeking admission for your ward in Smart Wonders School for the academic year 2026-27.

If any parent wants to admit their child in Smart Wonders School, they need to share the child's details like child's name, father's name, DOB, class in which admission is sought, address, contact details, email ID and the name of last school attended by the child, at the school's official email ID:

official@smartwonderschool.com.

Once the enquiry is received on mail or call, the Admission Coordinator will contact the parent to fix an appointment to visit the school.

- The parent is required to fill the admission enquiry form.
- Based on the class in which admission is sought, the child's interaction and assessment will be conducted by the Coordinator/ Vice Principal.
- The parent will be given a tour of the school by the Admission Coordinator.
- The Admission Coordinator will share the assessment result on the following day with the parent and get the admission form filled.
- The following documents are required for the admission form:
 - » 3 Latest Passport size photographs of the child, 1 each of both the parents, and 1 of the guardian (optional).
 - » A copy of Birth Certificate of the child (Self Attested).
 - » Transfer Certificate (Original).
 - » Tehsildar's Certificate : for Scheduled Castes, Scheduled Tribes or Backward Communities.
 - » Copy of the Report Card of the last school attended.
 - » A copy of the student's and parents' Aadhaar cards (Self Attested).
 - » In case of an NRI student, a copy of the passport (Self Attested).
