Proud Wonderites

Fostering Lifelong Learners, Building Character
and Igniting passion for knowledge.

From The PRINCIPAL'S DESK

At **Smart Wonders School**, we believe that every child's voice deserves to be heard and valued. *“Express Yourself”* provides our students with a meaningful platform to showcase their ideas, emotions, and creativity with confidence and joy. It empowers them to think independently, communicate effectively, and embrace their uniqueness.

Through this initiative, our young learners learn the art of -self-expression whether through words, art, music, or performance — discovering their strengths and building the courage to share their thoughts with the world. Such opportunities nurture confidence, empathy, and leadership, shaping them into articulate and self-assured individuals ready to take on future challenges with grace and positivity.

Ms. Ruchika Sharma

Principal, Smart Wonders School

Diwali Celebration

Tiny Tots Celebrate Diwali with Joy!

The Primary Wing students celebrated the festival of Diwali with great enthusiasm and joy. To mark the occasion, they participated in a creative hands-on activity that highlighted the spirit of the festival. Through this engaging experience, students not only expressed their artistic talents but also learned the values of togetherness, sharing, and celebrating traditions. The day was filled with smiles, festive cheer, and the warm glow of Diwali spirit all around.

Diya Decoration Activity

Celebrating the Spirit of Diwali

The Foundation Year children celebrated the joyous festival of Diwali with great enthusiasm and creativity. As part of the celebrations, the little ones participated in a **Diya Decoration Activity**, where they beautifully painted and adorned traditional clay diyas using vibrant colours, glitter, and sequins.

The activity not only encouraged children to showcase their artistic talents but also helped them understand the significance of diyas as symbols of light, hope, and positivity.

The brightly decorated diyas and the cheerful smiles of the young learners truly reflected the festive spirit and joy of Diwali.

Coconut Ladoo Making Activity

Tiny Hands, Sweet Treats

The Foundation Year children celebrated the spirit of Diwali with immense joy and creativity. To make the celebration even more special, they participated in a fun-filled **Coconut Ladoo-Making Activity**. Guided by their teachers, the little ones eagerly rolled small portions of the mixture into perfectly round ladoos. This delightful activity not only enhanced their fine motor skills but also gave them a hands-on experience of preparing a traditional festive sweet. The young chefs were overjoyed to taste their own creations, making it a truly memorable and heartwarming Diwali celebration.

Curiosity Quest

Methods of Water Purification

The Class IV students carried out an engaging and insightful experiment on the **methods of water purification** during their EVS class. They explored techniques such as sedimentation, decantation, filtration, boiling, and the use of chlorine tablets to understand how impurities can be removed to make water safe for drinking.

Through this hands-on activity, the young scientists observed real changes in water and discovered the significance of clean water for health and hygiene. The experiment not only made science learning fun and interactive but also helped students connect classroom concepts with real-life applications, fostering awareness about the importance of safe drinking water.

Experiential Visit

Educational Trip to Pushpa Gujral Science City, Kapurthala

The students of Classes VI to VIII from **Smart Wonders School** embarked on an exciting educational trip to **Pushpa Gujral Science City, Kapurthala**, a hub of scientific exploration and innovation. The visit aimed to enhance their understanding of science through interactive learning beyond the classroom.

During the trip, students explored a wide range of exhibits on **space, robotics, biotechnology, and climate change**, gaining fascinating insights into scientific concepts through hands-on experiences. The **3D show and Digital Planetarium** left them awestruck as they witnessed the wonders of science and the universe in an engaging way.

The visit not only strengthened their curiosity and scientific temperament but also helped them appreciate how science connects to everyday life. It was a perfect blend of **learning and fun**, leaving the students inspired to think critically, explore deeply, and innovate creatively.

The trip concluded with cheerful faces and enriched minds, truly making it a memorable and meaningful educational experience.

Annual Function

The Scientist's Odyssey

The Primary Wing of **Smart Wonders School** hosted its much-awaited Annual Show titled *"The Scientist's Odyssey"* — a spectacular presentation that beautifully wove together science, art, and imagination to celebrate creativity and learning.

The show revolved around the story of a brilliant scientist and his curious assistant who accidentally activates a **Time Machine**, embarking on an extraordinary journey across time and continents. Through captivating dance, drama, and music, the audience was transported to **China, Egypt, Syria, Brazil, and India**, each act reflecting the essence of **culture, courage, and compassion**.

From China's wisdom to Egypt's ancient grandeur, from Syria's message of resilience to Brazil's vibrant rhythm, and India's unity in diversity - every performance radiated artistic brilliance and reflected the global perspective nurtured at Smart Wonders School.

Enrichment Activities

Unlocking Potential and Fostering Growth

At Smart Wonders we believe in providing a well-rounded education that goes beyond the classroom. Our enrichment activities, held twice a week, offer students the opportunity to explore their passions, develop new skills, and build meaningful relationships with peers and mentors.

From 3D design club to art club, debate teams to sports training, our enrichment activities cater to diverse interests and talents. Our enrichment activities are designed to:

- Foster creativity, critical thinking, and problem-solving skills
- Develop teamwork, communication, and leadership abilities
- Encourage self-expression, confidence, and self-esteem
- Provide opportunities for socialization, friendship, and community building
- Enhance academic performance and motivation

- Our enrichment activities are more than just extracurricular programs – they're a platform for students to discover their strengths, pursue their passions, and develop into well-rounded individuals. By participating in these activities, students can:
- **Explore new interests and talents**
- **Build meaningful relationships with peers and mentors**
- **Develop essential life skills and values**
- **Make lasting memories and have fun**

Achievers

Smart Wonders School Shines at Shemrock School Business Cohort

Smart Wonders School students brought laurels to the institution at the Shemrock School Business Cohort held on 14–15 October 2025.

Raghav Gupta of class 10 clinched the 1st Prize in the event Quod Spectat (Point of View - Paper Presentation).

Bhavik Goel, Rishika Bhardwaj, and Madhav Gupta of class 10 secured the 1st Prize in the event Brand Toasting.

Congratulations to all the winners for their creativity, confidence, and outstanding performance!

Nailed it at Sacred Heart MUN with The Best Outstanding School Award

Our students at Smart Wonders School have once again proven that excellence is a habit. At the recently held Sacred Heart MUN (SHSMUN) on 16th, 17th, and 18th October 2025, not only did our delegation participate with confidence and poise, but they also brought home the conference's highest honour - the Best Outstanding School Award.

This remarkable achievement is a testament to the students' talent, rigorous preparation, and spirited collaboration. We also proudly celebrate the individual triumphs of our young delegates who made their mark across various committees.

In the IPL Auction Committee, the team from Class 9A — Advay, Gurkeerat, Gurkaran, and Winraj — was awarded Best Delegate for their exemplary strategy and presentation. From Class 9B, Grace secured a High Commendation in the UNHRC, while Chehak earned a Special Mention in the UNCSW. Adding to the accolades, Divyakshi of Class 8A secured First Position in the Tiny Tycoons event.

We extend our heartiest congratulations to all our young diplomats for representing Smart Wonders School with such brilliance and for making us proud on this prestigious platform.
