

ORIENTATION VISIT FOR YOUNG LEARNER PROGRAM

Tuesday, 21st April 2026

SWS/ACD/2026-27/15

Dear Parent

Greetings from Smart Wonders!

We are pleased to take this opportunity to provide our students with meaningful exposure through **futuristic learning programs that go beyond textbooks**.

One such initiative has being organized at **Manav Mangal Smart School, Mohali**. This program brings together a wide range of summer learning opportunities offered by reputed universities and organizations across India, focusing on skill development, innovation, and real-world exposure.

To help our students make informed decisions, the school proposes to send students of **Class X** during school hours for an **orientation session**. This visit will enable them to

- Understand the structure and benefits of various summer programs
- Interact with representatives from leading institutions
- Explore diverse fields such as technology, entrepreneurship, arts, and research
- Plan a productive and enriching summer break

Based on this experience, students may choose to enroll in suitable programs for the **summer batch scheduled in June (during school holidays)**.

Visit Details:

- **Date:** 24 April 2026
- **Venue:** Manav Mangal Smart School, Mohali
- **Timings:** During school hours
- **Dress Code:** School Uniform (Blue T-Shirt and Jeans)

Warm Regards

Ruchika Sharma
Principal
