SWS/ACD/2026-27/9

Dear Parent

Greetings from Smart Wonders!

In senior classes, we prioritize deep understanding through consistent, targeted practice. Homework is thoughtfully designed as a brief extension of classroom work—practice questions similar to those covered in class—to reinforce concepts and build exam readiness without added pressure.

To maintain consistency, we are introducing a **Standardized Homework Schedule**, which will be followed across all classes 6 to 10. This initiative will ensure a balanced distribution of work, allowing for consistent practice and more effective revision across all grade levels.
