

INTRODUCTION TO LEARNER-LED CONFERENCE

Saturday, 6th June 2026

SWS/ACD/2026-27/42

Dear Parent

Greetings from Smart Wonders!

We are delighted to introduce the concept of the **Learner-Led Conference (LLC)** at our school-an enriching platform that places students at the heart of the learning process.

A Learner-Led Conference is a meeting where students take the lead in sharing their learning journey with their parents. During the conference, students will present their academic progress, achievements, classroom experiences, strengths, and goals for future improvement. Teachers will act as facilitators, guiding students throughout the process while encouraging them to take ownership of their learning.

The conference aims to:

- Foster confidence, communication, and presentation skills among students.
- Encourage self-reflection and goal-setting.
- Provide parents with valuable insights into their child's learning experiences and achievements.
- Strengthen the partnership between home and school in supporting student growth.

As part of this initiative, students will prepare and showcase their chosen topics, projects and learning experiences before their parents. This will provide them with an opportunity to demonstrate their understanding, creativity, and progress in a meaningful and engaging manner.

We encourage parents to support and motivate their children as they prepare for this special event. Your presence and participation will make the experience more rewarding and memorable for our young learners.

Further details regarding the schedule and guidelines for the conference will be shared shortly.

We look forward to your enthusiastic participation as we celebrate our students' learning journeys and achievements.

Warm Regards

Ruchika Sharma
Principal
