

REMEDIAL & DOUBT CLEARING CLASSES CLASS 6 TO 10

Tuesday, 30th June 2026

SWS/ACD/2026-27/45A

Dear Parent

Greetings from Smart Wonders School!

In our continued efforts to support the academic progress of our students, the school will be conducting **Saturday Remedial and Doubt-Clearing Classes** for students.

These sessions are primarily intended for students who require additional academic support based on their **Periodic Assessment-I (PA-I) performance**. The classes will focus on strengthening concepts, improving subject understanding, and providing guided practice in areas where students may need extra assistance.

Additionally, students who wish to attend for doubt clarification in any subject are welcome to join. Parents may inform the respective Academic Coordinator in advance regarding the subject(s) in which their ward requires support.

Schedule:

- Classes will be conducted on selected Saturdays.
- Each Saturday, 2–3 subject sessions will be scheduled.
- Subjects will be rotated on an alternate basis, with primary focus on core subjects such as Mathematics, Science, Social Science, English, Hindi, and Punjabi.
- Timings and subject details for each Saturday will be shared separately.

These sessions aim to provide personalized guidance and help students gain greater confidence in their learning.

Please Note: School transport facilities for remedial classes will not be available on Saturdays.

We request parents to encourage their wards to attend these sessions regularly and make the best use of this opportunity for academic improvement.

Warm Regards

Ruchika Sharma
Principal
