

REMEDIAL & DOUBT CLEARING CLASSES CLASS 3 TO 5

Tuesday, 30th June 2026

SWS/ACD/2026-27/45

Dear Parent

Greetings from Smart Wonders School!

As we progress through the academic session, our primary goal remains to ensure that every Wonderite builds a strong foundation, achieves conceptual clarity, and develops absolute confidence in their learning journey. Every child learns at their own unique pace, and to provide targeted support where it is needed most, the school is organizing Remedial Classes for students of Classes 3–5.

These specialized sessions are designed to bridge learning gaps, reinforce core academic concepts, and give students a comfortable space to clarify doubts in smaller peer groups.

Schedule & Commencement

- **Commencement Date:** Saturday, 4th July, 2026
- Classes will be conducted on selected Saturdays.
- Each Saturday, **2–3 subject sessions** will be scheduled.
- Subjects will be rotated on an alternate basis, with primary focus on **core subjects** such as Mathematics, EVS, English, Hindi, and Punjabi.
- Timings and subject details for each Saturday will be shared separately.

These tailored sessions provide personalized guidance to help students build genuine confidence in their learning. Because each session builds on the last, regular attendance is vital to seeing a positive transformation. If your child is selected, we strongly urge you to encourage your ward to attend these sessions regularly and make the best use of this opportunity for academic improvement.

Please Note: Parents will need to arrange for both the drop-off and pick-up of their ward on the days of the remedial classes, as the standard school transport will not be operational on non-instructional Saturdays.

We look forward to your valuable cooperation in helping our young learners thrive and reach their full potential.

Warm Regards

Ruchika Sharma
Principal
