

READY, SET, SHOW!

Learner-Led Conference

Welcome to my big moment! Today, I am the teacher and I will show you my wonderful learning journey.

August 22, 2026 • Classes 3 & 4

What is a Learner-Led Conference?

My Learning, My Voice!

Instead of teachers talking about me, I am taking charge! This is a special meeting where I talk directly to my parents about what I've learned in class.

- 🌱 I choose my topic from our subject lists.
- ♥️ I lead the discussion and show my activities.
- ★ I reflect on my goals and progress.

Discovering My Superpowers!

Ownership

I take pride in my work,
activities, and projects. I
own my growth!

Confidence

Practicing public speaking
helps me voice my
thoughts boldly and
clearly.

Reflection

I learn to think about
what I did well and how I
can improve next time.

Select

I will pick one topic
I love from EVS,
Math, Arts, or IT.

Prepare

Then ,I will organize
my work, artwork or
presentation

Rehearse

My next step will be
Practicing for my
presentation with my
friends and teachers
at school.

Celebrate!

Finally ,I will invite
my parents to see
me shine!

Learning In Action

How We Practice

Our classroom is transforming into an interactive exhibition gallery! Over the next few weeks, we will work collaboratively to build confidence and polish our explanation skills.

"I don't just memorize rules; I demonstrate them using interactive models, charts, and digital canvas!"

How Parents Can Partners!

Parent Handguide

- 👂 Let me speak: Let me show my topics in my own unique way.
- ✂️ Encourage effort: Praise how much I practiced, not just the answers.
- ❓ Ask me questions: "What did you enjoy learning the most?"
