

VAN MAHOTSAV CELEBRATION CLASS UKG TO 2

Monday, 6th July 2026

SWS/ACD/2026-27/55

Dear Parent

Greetings from Smart Wonders School!

As part of our continued endeavor to nurture environmental consciousness among our young learners, the Foundation Years will celebrate **Van Mahotsav** with the theme “**Strong Roots, Green Tomorrow**” starting from **Tuesday 7th July 2026**.

During this week-long celebration, students will participate in an **integrated, inquiry-based learning experience** designed to help them appreciate the importance of trees and sustainable living. Through thoughtfully planned activities that incorporate **Multiple Intelligences**, children will explore, create, observe, collaborate, sing, move, reflect, and express their learning in meaningful ways.

The celebrations will provide opportunities for students to develop environmental awareness while enhancing their creativity, critical thinking, communication, and social-emotional skills.

Together, let us inspire our children to become responsible stewards of the environment and take small but meaningful steps towards creating a greener tomorrow.

We look forward to your continued support and enthusiastic participation in making this celebration a memorable learning experience for our children.

Warm Regards

Ruchika Sharma
Principal
