

PARENTS' WORKSHOP CLASSES IV & V

Wednesday, 15th July 2026

SWS/ACD/2026-27/61

Dear Parent

Greetings from Smart Wonders School!

During the primary school years, true scientific understanding is built through active inquiry and real-world application, rather than rote memorization.

To share our pedagogical approach—focused on nurturing curious minds through exploration, experience, and real-world connections—and to discuss collaborative ways to support your child's scientific journey, we cordially invite you to our upcoming workshop:

Inquiry to Insight: Science in the Primary Years

- **Date:** Friday, 24th July 2026
- **Time:** 9:00 a.m. – 11:00 a.m.
- **Venue:** AV Hall (Basement)

Note: As this session lays the foundation for our shared academic goals and a strong home-school partnership for the year ahead, attendance is mandatory for all parents.

We look forward to your active participation and to partnering with you in sparking your child's curiosity.

Warm Regards

Ruchika Sharma
Principal
