From The PRINCIPAL'S DESK

“The future belongs to those who prepare for it today.”

~ Malcolm X ~

The future belongs to young minds who dare to imagine, create, and innovate. Code the Future encourages our students to explore technology not merely as users, but as thoughtful creators and problem-solvers. Coding nurtures logical thinking, creativity, collaboration and perseverance-skills that empower children to turn ideas into meaningful solutions.

As our students learn to code, they learn to think beyond boundaries, embrace challenges, and transform possibilities into reality. Let us inspire them to code with curiosity, create with purpose, and innovate for a better tomorrow.

Warm Regards

Ruchika Sharma

Principal

Nature Walk

Little Explorers on the Go

The students of the Foundation Years participated in a refreshing and enriching Nature Walk at the scenic Leisure Valley Park, Mohali. The experience offered young learners a joyful opportunity to explore lush greenery, observe plants and trees closely, and develop an early appreciation for nature through experiential learning. The walk encouraged curiosity, mindful observation, and a sense of responsibility towards the environment, making learning meaningful beyond the classroom.

The Principal Ms Ruchika Sharma shared “At the foundation stage, learning is most impactful when children connect with the world around them. The Nature Walk at Leisure Valley Park was a wonderful initiative to nurture curiosity, environmental awareness and learning among our young learners.

The initiative concluded on a joyful note, leaving the children with bright smiles, lasting memories and a deeper connection with nature.

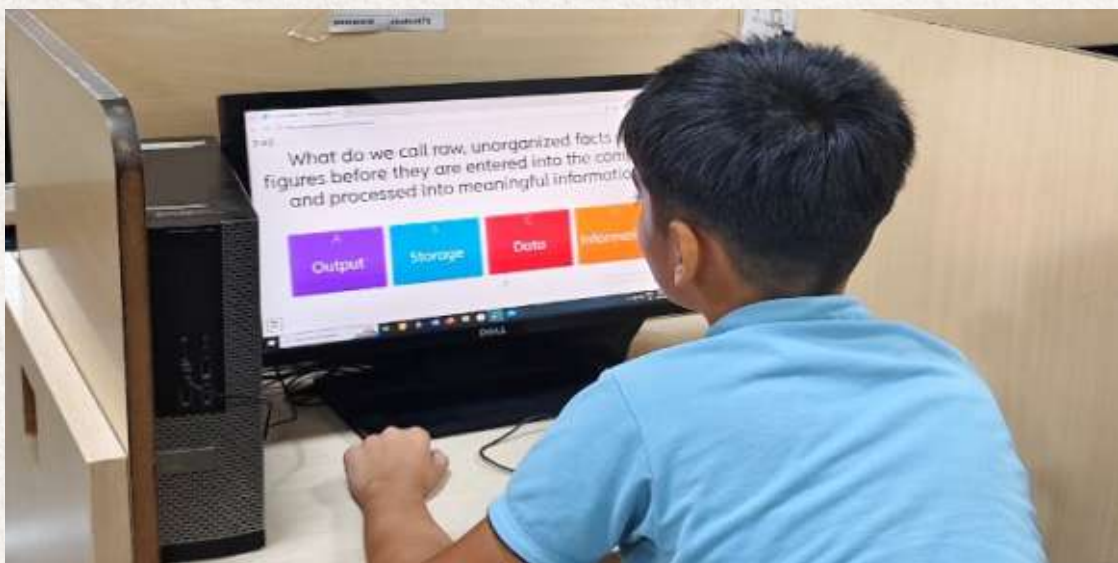

IT Week

Young Minds, Digital Future

Smart Wonders School, Mohali, celebrated IT Week from 22–24 September 2026 with engaging and interactive activities for students of Classes 1–10. Organised by the school's IT educators, the programme nurtured curiosity, creativity and problem-solving skills while encouraging the safe and mindful use of technology.

Students of Classes 1–3 participated in lively IT quizzes that strengthened their basic computer knowledge and encouraged quick thinking. Classes 4–5 enjoyed crossword puzzles, jumbled words, IT riddles and message-decoding tasks, enhancing their vocabulary, observation and logical reasoning.

Students of Classes 6–8 created thoughtful posters on cyberbullying using Canva, sharing messages of kindness, respect and responsibility in the digital world. Classes 9–10 attended an interactive session on cyber security, digital detox and responsible online behaviour, exploring ways to protect personal information, recognise online risks and maintain healthy digital habits.

Enthusiastic participation across all wings made IT Week a meaningful learning experience, empowering students to explore, create and connect as confident and responsible digital citizens.

Movie Day Outing

Popcorn, Smiles & Big Screen Magic!

On September 10, 2026, the school organized an exciting Movie Day outing for its students, spanning Class III to Class V. The special day out was designed to give students a break from their regular classroom routine, allowing them to bond with peers and teachers in a fun, relaxed environment.

Students enjoyed a private screening in a PVR theater hall, complete with comfortable seating, a grand big-screen display and delicious snacks like popcorn. They attended the event alongside their class teachers, enthusiastically posing for group pictures in the theater foyer and inside the auditorium. The trip captured the essence of early school fun, bringing out laughter, togetherness and excitement among the children throughout the show. The Movie Day outing was a resounding success, creating lasting memories for the young learners.
